#### Chapter X—War Food Administration (Production Orders)

[FPO 5, Rev. 2]

#### PART 1206—FERTILIZER

##### DELIVERY AND USE OF FERTILIZER

Section 1206.1 is hereby revised and amended in its entirety to read as follows:

§ 1206.1 Fertilizer—(a) Definitions. For the purposes of this order:

(1) "Fertilizer" means any material used as a plant food containing one or more of the following: Nitrogen, phosphorus, or potassium, excluding, however, unprocessed animal and poultry manure, peat, humus and basic slag.

(2) "Chemical nitrogen" means any nitrogen, other than organic nitrogen, including, but not limited to, ammonium sulfate, sodium nitrate, calcium cyanamid, urea, ammonium nitrate, calcium nitro and nitrogen-bearing solutions.

(3) "Organic nitrogen" means nitrogen derived from any plant or animal organism containing nitrogen, including, but not limited to: animal, fish, garbage, and other processed tankages; bone meal; blood; castor pomace; tobacco stems; oilseed meals (including cottonseed, peanut, soy bean, rape, linseed and other oilseed meals); sewage sludge; cocoa shell meal; bat, peruvian and whale guanos.

(4) "Superphosphate" means any plant food product which is obtained by mixing rock phosphate with either or both sulfuric acid and phosphoric acid.

(5) "Potash" means any material containing potassium in forms usually considered available to crop plants, including, but not limited to, muriate of potash, sulfate of potash, and manure salts.

(6) "Grade" means the minimum guaranteed plant food content of any fertilizer expressed in percentages of its principal plant food components in the following order: Nitrogen, available phosphoric acid and available potash.

(7) "Approved grade" means any grade of fertilizer listed in Schedule I attached hereto.

(8) "Rate of application per acre" means the total pounds of fertilizer applied per acre. Where single-strength or multiple-strength grades are substituted, one for the other, the pounds of fertilizer shall be increased or decreased in accordance with the nitrogen, phosphoric acid and potash content of the grades used and replaced.

(9) "Group A crop" means any crop listed in Schedule II attached hereto.

(10) "Group B crop" means any crop not listed in Schedule II. It shall not, however, include any crop to the extent that the use of fertilizer in the production of such crop is restricted or prohibited by the terms of this order.

(11) "Victory garden" means any garden planted primarily for the non-commercial production of vegetables and small fruits.

(12) "Production-increment crop" means any crop which may be so designated by the Director in order to promote maximum production to achieve the food, feed, and fiber production goals established by the War Food Administration.

(13) "Production-Increment fertilizer" means any fertilizer which may be so designated by the Director when provision is assured for its production, and he finds that it is or will be available, in excess of the quantities needed for customary crop usage or for customary rates of application per acre. The quantities of the ammonium nitrate, ammoniated superphosphate, and superphosphate which manufacturers, agents and dealers have available in excess of customary usage, or the requirements for group A and group B crops as shown by applications on hand are hereby designated as production increment fertilizers.

(14) "Specialty fertilizer" means any fertilizer which is prepared for use on lawns, home gardens, shrubbery, trees, flowers, parks and parkways, malls and roadsides, cemeteries, golf courses and non-commercial plantings of trees, shrubs and flowers.

(15) "Fertilizer manufacturer" means any person who manufactures or mines fertilizer for sale.

(16) "Dealer" means any person, other than a fertilizer manufacturer, who purchases or has purchased fertilizer for resale.

(17) "Agent" means any person, other than a fertilizer manufacturer, who receives or has received fertilizer on a consignment basis for sale.

(18) "Person" means any individual, partnership, corporation, association, business trust or any organized group of persons whether incorporated or not. The term "person" shall also include the United States or any agency thereof, and a State or any political subdivision or agency thereof.

(19) "Director" means the Director of the Office of Materials and Facilities, of the War Food Administration.

(b) *Restrictions on delivery and use of fertilizer*—(1) *Schedule I*. No fertilizer manufacturer, dealer or agent shall, subject to the exemptions provided for in paragraph (d) hereof, deliver for use on crops, and no person shall use on crops, in any of the States listed in Schedule I attached hereto, any grade of fertilizer other than the grades designated on such schedule as applicable to the respective States listed thereon, and where a particular grade is designated on such schedule as available only for a particular crop or purpose, such grade shall be delivered and used only for the production of such crop or for such purpose.

(2) *Victory garden fertilizer*. No fertilizer manufacturer, dealer or agent shall, subject to the exemptions provided for in paragraph (d) (2) hereof, deliver in a package of less than 80 pounds in any State listed in Schedule I attached hereto any fertilizer for use on victory gardens other than the grade or grades designated in Schedule I for victory gardens in such States. Such grade or grades, when delivered in a package of less than 80 pounds for such purpose, shall be labeled "Victory Garden Fertilizer—For Food Production Only", and no person shall use in any State listed in Schedule I any fertilizer, delivered in any such package, other than a grade so labeled, for such purpose. Fertilizer of any approved grade for any State may be delivered, in packages of 80 pounds or more, for use on victory gardens in such State. However, the grades designated in Schedule I for victory gardens are recommended for delivery in such packages for use on victory gardens, and fertilizer of such designated grades, delivered in such packages, may be labeled, if so desired, as indicated above. Grades other than such designated grades shall not be so labeled. Nothing in this paragraph shall prevent any fertilizer manufacturer, dealer or agent from delivering for use on victory gardens stocks of fertilizer of the grade of 3-8-7 which on July 1, 1943, were on hand, packaged and labeled "Victory Garden Fertilizer—For Food Production Only". Nor shall anything in this paragraph prevent any person who purchases fertilizer pursuant to this order for use other than on his victory garden from applying for, obtaining or using on his victory garden fertilizer of the grade or grades so purchased.

(3) *Flowers, bulbs, nurseries, etc.* No fertilizer manufacturer, dealer or agent shall, subject to the exemptions provided for in paragraph (d) (2) hereof, deliver any fertilizer for use on, and no person shall use any fertilizer on, nurseries or commercial plantings of flowers, bulbs, shrubs, ornamental trees, or other ornamental plants in excess of 75 percent of the total quantity of fertilizer (in terms of nitrogen, available phosphoric acid, and potash) used for such purposes by such person during either the period July 1, 1941, to June 30, 1942, or July 1, 1942, to June 30, 1943. The restriction of this paragraph (b) (3) shall not apply to the delivery and use of fertilizer for any food crop plant.

(4) *Size of packages.* No fertilizer manufacturer, dealer or agent shall deliver any fertilizer for use on crops in packages of less than 80 pounds: *Provided, however,* That fertilizer delivered pursuant to paragraphs (b) (2) and (d) (1) (i) hereof may be packaged in packages of 5, 10, 25, and 50 pounds net weight: *Provided, further,* That fertilizer delivered pursuant to paragraphs (c) (2) and (d) (2) (ii) hereof may be packaged in containers of any size.

(c) *Specialty fertilizer.* (1) During the period July 1, 1943, to June 30, 1944, each fertilizer manufacturer may manufacture no more than one grade of mixed specialty fertilizer for sale in any particular State under his own brand and guarantee, and, in addition, may manufacture mixed specialty fertilizer to be registered and guaranteed under State law by another person (only one grade for any one person) who purchases it for resale under his own brand and guarantee. However, each manufacturer may sell and deliver straight nitrogenous material and superphosphate as specialty fertilizer. For such purposes, each manufacturer may use quantities of nitrogen and potash not to exceed 50 percent of the quantities of each used by such manufacturer for such purposes during the period July 1, 1941, to June 30, 1942. In determining such base quantities of nitrogen and potash, a manufacturer may include fertilizer used for the specialty fertilizer purposes as set forth in paragraph (a) (14) above, whether it was marketed as specialty fertilizer or not. A grade of mixed specialty fertilizer need not be an approved grade, but must contain at least 16 units of plant food (in terms of nitrogen, available phosphoric acid, and potash). The water-insoluble organic nitrogen content of mixed specialty fertilizer shall not exceed 25 percent of its total nitrogen content.

(2) No fertilizer manufacturer, dealer or agent shall, subject to the exemptions provided for in paragraph (d) (2) hereof, deliver any fertilizer for use on, and no person shall use any fertilizer on, lawns, golf courses, parks, cemeteries, roadsides, or non-commercial plantings of trees, shrubs, or flowers, except specialty fertilizers. The restrictions provided for in this paragraph (c) (2) shall apply to the use by any landscape gardener or nurseryman of fertilizer on lawns, trees, shrubs, or flowers planted on the premises of his customers.

(d) *Exemptions from restrictions.* (1) The restrictions provided for in paragraph (b) (1) hereof shall not apply to:

(i) Deliveries by fertilizer manufacturers, dealers and agents of any fertilizer for the preparation of solutions to be used in the transplanting of vegetable crop plants, or the use by any person of fertilizer delivered pursuant to this paragraph (d) (1) (i).

(ii) Deliveries by fertilizer manufacturers, dealers and agents of stocks of unapproved grades of fertilizer in bags in their hands on July 1, 1943, to be used on Group A or Group B crops, or the use by any person of any fertilizer delivered pursuant to this paragraph (d) (1) (ii) for such purpose.

(2) The restrictions of paragraphs (b) (1), (b) (2), (b) (3) and (c) (2) hereof shall not apply to:

(i) The use by any person of any fertilizer on hand on July 1, 1943, for use and not for sale. Such fertilizer may be used for any purpose.

(ii) The manufacture or delivery of fertilizer in pressed tablet form, or in a completely soluble form, for use on plants, flowers, and grasses: *Provided, however,* That no materials allocated by the War Production Board for use in agricultural fertilizers shall be used in the manufacture of fertilizer in pressed tablet or completely soluble form.

(iii) Deliveries by any person of any fertilizer to a fertilizer manufacturer for use in the manufacture of mixed fertilizer.

(iv) Deliveries by fertilizer manufacturers, dealers or agents of any fertilizer for use in establishing and maintaining grass and other vegetation at Air Force Stations of the United States Army, Navy, Marine Corps and Coast Guard, and at other military installations for establishing and maintaining grass and other vegetation, where such is certified, in the case of the Army, by the Division Engineer, or, in the case of the Navy, Marine Corps or Coast Guard, by the Agronomist, Bureau of Aeronautics, Navy Department, as essential for training activities, operations or health, or the use by any person of any fertilizer delivered pursuant to this paragraph (d) (2) (iv).

(v) Deliveries of fertilizer for experimental purposes to educational institutions or publicly-owned agricultural institutions, or the use of fertilizer by such institutions for such purposes.

(e) *Acceptance of delivery in violation of order.* No person shall accept delivery of any fertilizer which he knows or has reason to believe is delivered in violation of this order.

(f) *Directions.* (1) Each fertilizer manufacturer shall comply with such directions as may be issued from time to time by the Director with respect to the quantities, grades, and kinds of mixed fertilizer to be manufactured and with respect to the use or delivery of any fertilizers.

(2) Each person affected by this order shall comply with such directions as may be issued from time to time by the Director with respect to the delivery and use of fertilizers.

(g) *Distribution and delivery.* (1) Each fertilizer manufacturer, dealer and agent shall during the 1943-1944 season make fertilizer available according to crop requirements in each geographical locality in which such manufacturer, dealer and agent made fertilizer available for use in the 1942-1943 season, unless such manufacturer, dealer or agent, has adequate proof that the crop requirements for fertilizer in any such locality are being adequately served by other manufacturers, dealers or agents. For the purposes of this paragraph, no account shall be taken of fertilizer delivered in the 1942-1943 season outside of the regular geographical localities served by a manufacturer, dealer, or agent, where such deliveries were made at the

specific request of the War Food Administration or its predecessors.

(2) No fertilizer manufacturer, dealer or agent shall deliver fertilizer to any person in excess of such person's requirements, as provided for in paragraph (h) hereof, and no person shall use any fertilizer in excess of his requirements as provided for in paragraph (h) hereof. This paragraph (g) (2) shall not apply to delivery or use of fertilizer pursuant to paragraph (d) (2) (v) hereof.

(3) Fertilizer manufacturers, dealers and agents shall accept applications and make deliveries of fertilizers for use on Group A crops before delivering fertilizers for use on Group B crops requiring fertilizers at the same time, but applications for fertilizer for Group A crops shall be made at least 30 days in advance of the date such fertilizer is required in order to obtain preference over applications for fertilizer for Group B crops requiring fertilizer at the same time. Fertilizer manufacturers, dealers and agents shall accept applications for Production-Increment crops at any time. Deliveries of such Production-Increment fertilizers shall be made in accordance with the provisions of paragraph (h) (3) of this order or in accordance with directions issued by the Director. Deliveries of mixed fertilizers and materials for Group A and Group B crop requirements shall, in all cases, receive priority over deliveries of Production-Increment fertilizer for Production-Increment crops.

(4) In accepting applications for and making deliveries of fertilizer materials, no fertilizer manufacturer, dealer or agent shall discriminate against persons who apply for such materials for home mixing: *Provided, however,* That the requirements of such persons shall be established in accordance with the provisions of paragraph (h) hereof, and that the amount of such available materials delivered to any person for home mixing shall not exceed the amount which such person would be eligible to obtain in mixed fertilizers pursuant to the provisions of this order.

(h) *Requirements—(1) Group A crops.* The requirement of any person for fertilizer for use on any Group A crop shall be the acreage of the crop to be grown by such person multiplied either by the rate of application per acre customarily used by such person for such crop, or customarily used on comparable farms in the same area for such crop, or by the rate of application per acre recommended by the State Agricultural Experiment Station for such crop in the same area: *Provided, however,* That in no case, except as provided in paragraph (h) (4) hereof, shall the rate of application per acre exceed the rate of application per acre recommended by the State Agricultural Experiment Station for such crop in such area.

(2) *Group B crops.* The requirement of any person for fertilizer for use on any Group B crop shall be the acreage of the crop to be grown for which fertilizer is requested by such person multiplied by the rate of application per acre customarily used by such person on such crop, or customarily used on such crop on the farm for which fertilizer is

being requested, or customarily used on such crop on comparable farms in the same area: *Provided, however,* That in no case, except as provided in paragraph (h) (4) hereof, shall the rate of application per acre exceed the rate of application per acre recommended by the State Agricultural Experiment Station for use on such Group B crop.

(3) *Production-Increment crops.* The requirement of any person for Production-Increment fertilizer shall, for use on any Production-Increment crop in any area, be the acreage of the crop to be grown for which fertilizer is requested by such person multiplied by a rate of application per acre, not exceeding the maximum rate of application per acre recommended by the State Agricultural Experiment Station for use on such crop in such area.

(4) Notwithstanding the foregoing provisions of paragraph (h) hereof, the Director may fix the maximum rate of application per acre for use on any crop, and in connection therewith may, in his discretion, fix the maximum pounds of any individual fertilizer component to be applied per acre.

(i) *Applications.* (1) No fertilizer manufacturer, dealer or agent shall, in the year ending June 30, 1944, deliver to any person any fertilizer for use by such person on crops (except fertilizer delivered pursuant to (b) (2), (c) (2), (d) (1) (i), (d) (2) (ii), (d) (2) (iii), (d) (2) (iv), and (d) (2) (v) hereof), unless prior to such delivery he shall have received from the person to whom delivery is to be made for use (hereinafter referred to as the applicant) a written application therefor. An application may cover all or any part of the applicant's fertilizer requirements for the year ending June 30, 1944. Another application shall be made in any case where the actual acreage to be planted is greater than the acreage included in the original application or where fertilizer is required for crops of acreages not already covered by an application. Each application shall contain the following:

(i) The fertilizer requirements covered by the application, by crops, acreage of crops, grades of mixed fertilizers or materials, rates of application (pounds of fertilizer) per acre, and quantities required.

(ii) A statement that the applicant has no fertilizer on hand, or ordered, to apply on such requirements.

(iii) A certification to the effect that the information used to establish the applicant's requirements for the crops indicated on the application is correct, and that his fertilizer requirements for any crop or acreage not stated thereon will be covered by another application.

(iv) The signature and address of the applicant, the date of signing the application, and the name of the dealer, agent, or manufacturer, to whom the application is given.

(2) Each fertilizer manufacturer shall provide a sufficient quantity of application forms for his own use and the use of his agents and dealers, on which the information required by paragraph (i) (1) hereof shall be written. Each fertilizer manufacturer may, if he wishes,

print his firm's name and address on the form. He may also, if he wishes, use a combined application and order form to provide for including, in addition to the information required by paragraph (i) (1) hereof, such information (as bag sizes and kinds, prices and terms of sale) as may be necessary for such order purposes and a record of deliveries, using the face and reverse side. The applications shall be signed in duplicate, one of the copies to be given to the applicant and the other to be retained by the manufacturer or his dealer or agent.

(3) No fertilizer manufacturer, dealer, or agent shall use on his own crops any fertilizer (except fertilizer used pursuant to paragraphs (b) (2), (c) (2), (d) (1) (i), (d) (2) (i), and (d) (2) (ii) hereof), unless he has executed the form of application provided for in paragraph (i) (2) hereof. (The provisions of paragraphs (i) (1), (i) (2), and (i) (3) hereof have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.)

(j) *Records.* Each fertilizer manufacturer, dealer or agent, who delivers any fertilizer to any person other than a fertilizer manufacturer, dealer, or agent (or uses any fertilizer on his own crops) shall keep a record of each such delivery, showing the person to whom delivery is made, the date of delivery, and the quantity of fertilizer materials or grade of mixed fertilizer (and a similar record of use on his own crops), and each such manufacturer, dealer, or agent shall retain for not less than two years, such records and all applications accepted by him pursuant to paragraph (i) (1) hereof: *Provided, however,* That the provisions of this paragraph (j) shall not apply to individual deliveries in lots of less than 250 pounds of fertilizer authorized to be delivered by paragraphs (b) (2), (c) (2), (d) (1) (i), and (d) (2) (ii) hereof. (The record keeping requirements of this paragraph have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.)

(k) *Reports.* Each person affected by this order shall make such reports to the Director in such form and at such time as the Director may from time to time request, subject to the approval of the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

(l) *State regulations.* Nothing contained in this order shall be construed to permit the delivery or use of any grade of fertilizer in any State where the use or delivery of such grade in such State is specifically prohibited by such State.

(m) *Notification of customers.* Fertilizer manufacturers, dealers and agents shall, as soon as practicable, notify each of their regular customers of the requirements of this order, but failure to give or receive such notice shall not excuse any person from complying with the terms hereof.

(n) *Audits and inspections.* Each fertilizer manufacturer, dealer or agent to whom this order applies shall, upon request, submit his books, records, and accounts, for audit and inspection by duly authorized representatives of the War Food Administration.

(o) *Violations.* Any person who willfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States, or who conspires with another to perform any of such acts, is guilty of a crime and upon conviction may be punished by fine and imprisonment. In addition, any such person may by administrative suspension order be prohibited from receiving any deliveries of or selling or otherwise disposing of or using any fertilizer or any other material now or hereafter authorized to be rationed or allocated by, or subject to the priority control of the War Food Administrator, and may be deprived of any priority assistance. Further, the Director may recommend to the Office of Price Administration or to the War Production Board that any person who violates any provision of this order or any amendment or supplement thereto be denied the right to receive, use, sell or otherwise dispose of any other materials which now are or in the future may be under allocation.

(p) *Petition for relief from hardship.* Any person affected by this order who considers that compliance herewith would work an exceptional and unreasonable hardship on him may apply in writing for relief to the Director, setting forth in such petition all pertinent facts and information. The Director may, upon the basis of such application and other information, take such action as he deems appropriate. The decision of the Director shall be in writing and shall be final and conclusive.

(q) *Delegation of authority.* The administration of this Food Production Order No. 5, Revised, and the powers conferred upon the War Food Administrator by Executive Order No. 9280<sup>1</sup> and Executive Order No. 9322,<sup>2</sup> as amended by Executive Order No. 9334,<sup>3</sup> insofar as such powers relate to the administration of this order are hereby delegated to the Director. The Director shall be assisted in the administration of this order by such employees of the War Food Administration as he may designate, and such employees are hereby authorized to administer the provisions of this order.

## Chapter XI—War Food Administration (Distribution Orders)

[FDO 79-83]

### PART 1401—DAIRY PRODUCTS

#### FLUID MILK AND CREAM IN PORTLAND, MAINE, SALES AREA

Pursuant to the authority vested in me by Food Distribution Order No. 79 (8 F.R. 12426), issued on September 7, 1943, as amended, and to effectuate the purposes of such order, it is hereby ordered as follows:

§ 1401.116 *Quota restrictions*—(a) *Definitions.* When used in this order, unless otherwise distinctly expressed or manifestly incompatible with the intent hereof:

(1) Each term defined in Food Distribution Order No. 79, as amended, shall, when used herein, have the same meaning as is set forth for such term in Food Distribution Order No. 79, as amended.

(2) The term "FDO 79" means Food Distribution Order No. 79, issued on September 7, 1943, as amended.

(3) The term "sub-handler" means any handler, such as a peddler, vendor, sub-dealer, or secondary dealer, who purchases in a previously packaged and processed form milk, milk byproducts, or cream for delivery.

(b) *Milk sales area.* The following area is hereby designated as a "milk sales area" to be known as the Portland, Maine, sales area, and is referred to hereinafter as the "sales area":

The cities of Portland, South Portland and Westbrook, and the towns of Cape Elizabeth and Falmouth, all in Cumberland County, Maine.

(c) *Base period.* The calendar month of June 1943 is hereby designated as the base period for the sales area.

(d) *Quota period.* The remainder of the calendar month in which the provisions hereof become effective and each subsequent calendar month, respectively, is hereby designated as a quota period for the sales area.

(e) *Handler quotas.* Quotas for each handler in the sales area in each quota period shall be calculated in terms of pounds of each of the items for which percentages are specified in (3) below and shall be determined as follows:

(1) Divide the total deliveries of each such item made in the sales area by such handler during the base period, after

excluding the quota-exempt deliveries described in (i) hereof, by the number of days in the base period;

(2) Multiply the result of the foregoing calculation by the number of days in the quota period;

(3) Multiply the aforesaid resulting amount by the following applicable percentage: (i) Milk: 100 percent; (ii) butterfat in milk: ----- percent; (iii) cream: 75 percent; (iv) butterfat in cream: 75 percent; (v) milk byproducts other than cottage, pot, or baker's cheese: 75 percent; and (vi) cottage, pot, or baker's cheese: 75 percent of skim milk equivalent. (For the purpose of this order, one pound of cottage, pot, or baker's cheese shall be considered as the equivalent of 7 pounds of skim milk.)

(f) *Quota limitations.* No handler shall, during any quota period, make deliveries in the sales area in excess of his respective quotas, except as set out in (i) hereof: *Provided*, That a handler may, after application to and approval by the market agent, secure an increase in milk quotas through an equivalent reduction as determined by the market agent, in cream and milk byproducts quotas, and an increase in milk byproducts quota through an equivalent reduction as determined by the market agent, in cream quotas.

(g) *Quotas for handlers who are also producers.* Quotas for handlers who are also producers and who purchase no milk shall be 100 percent of the total production of such handlers in the base period.

(h) *Handler exemptions.* Quotas shall not apply to any handler who delivers in a quota period a daily average of less than 200 units of milk, cream, and milk byproducts. For the purpose of this order, a unit shall be the equivalent in the volume of the following: (1) Milk, one quart of milk; (2) cream, one-half pint of cream; and (3) milk byproduct, one quart of skim milk, buttermilk, flavored milk drink, or other beverage containing more than 85 percent of skim milk, or one-half pound of cottage, pot, or baker's cheese.

(i) *Quota exclusions and exemptions.* Deliveries of milk, milk byproducts, or cream (1) to other handlers, except for such deliveries to sub-handlers, (2) to plants engaged in the handling or processing of milk, milk byproducts, or cream from which no milk, milk byproducts, or cream is delivered in the sales area, and (3) to the agencies or groups specified in (d) of FDO 79, shall be excluded from the computation of deliveries in the base period and exempt from charges to quotas.

(j) *Transfers and apportionment of quotas.* The market agent is empowered to deduct an amount of base period deliveries to purchasers from the total of deliveries made by a handler or other person in the base period upon the application and a showing of unreasonable hardship by the handler making deliveries to such purchasers on the effective date of this order, and to add the amount of such deliveries to the total base period deliveries of the applicant handler. Denials of transfers or transfers granted by

the market agent shall be reviewed by the Director upon application.

(k) *Petition for relief from hardships.* (1) Any person affected by FDO 79 or the provisions hereof who considers that compliance therewith would work an exceptional and unreasonable hardship on him, may file with the market agent a petition addressed to the Director. The petition shall contain the correct name, address and principal place of business of the petitioner, a full statement of the facts upon which the petition is based, and the hardship involved and the nature of the relief desired.

(2) Upon receiving such petition, the market agent shall immediately investigate the representations and facts stated therein.

(3) After investigation, the petition shall be certified to the Director, but prior to certification the market agent may (i) deny the petition, or (ii) grant temporary relief for a total period not to exceed 60 days.

(4) Denials or grants of relief by the market agent shall be reviewed by the Director and may be affirmed, modified, or reversed by the Director.

(l) *Reports.* Each handler shall transmit to the market agent on forms prescribed by the market agent the following reports:

(1) Within 20 days following the effective date of this order, reports which show the information required by the market agent to establish such handlers' quotas:

(2) Within 20 days following the close of each quota period, the information required by the market agent to establish volumes of deliveries of milk, cream, and milk byproducts during the preceding quota period; and

(3) Handlers exempt from quotas pursuant to (h) hereof shall, upon the request of the market agent, submit the information required by the market agent to establish volumes of deliveries of milk, cream, and milk byproducts.

(m) *Records.* Handlers shall keep and shall make available to the market agent such records of receipts, sales, deliveries, and production as the market agent shall require for the purpose of obtaining information which the Director may require for the establishment of quotas as prescribed in (b) of FDO 79.

(n) *Distribution schedules.* The distribution schedules, if any, to be followed by the handlers in making deliveries shall be made effective in the terms of approval by the Director of such schedules.

(o) *Expense of administration.* Each handler shall pay to the market agent, within 20 days after the close of each calendar month an assessment of \$.015 per hundredweight of each of milk, cream, skim milk, buttermilk, flavored milk drinks, beverages containing more than 85 percent of skim milk, and skim milk equivalent of cottage, pot, or baker's cheese delivered during the preceding quota period and subject to quota regulations under the provisions hereof.

(p) *Violations.* The market agent shall report all violations to the Director together with the information required

for the prosecution of such violations, except in a case where a handler has made deliveries in a quota period in excess of a quota in an amount not to exceed 5 percent of such quota, and in the succeeding quota period makes deliveries below that quota by at least the same percent.

(q) *Bureau of the Budget approval.* The record keeping and reporting requirements of this order have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942. Subsequent record keeping or reporting requirements will be subject to the approval of the Bureau of the Budget pursuant to the Federal Reports Act of 1942.

(r) This order shall take effect at 12:01 a. m., e. w. t., November 1, 1943.

Issued this 28th day of October 1943.

§ 36.12 *Scope*—(a) *General.* Claims, arising on or after 27 May 1941, for damage to or loss or destruction of real or personal property, or for reasonable medical, hospital, or burial expenses actually incurred on account of personal injury or death, caused by military personnel or civilian employees of the War Department or of the Army while acting within the scope of their employment, or otherwise incident to noncombat activities of the War Department or of the Army, including claims for damage to or loss or destruction of registered or insured mail while in the possession of the military authorities even though resulting from criminal acts, and claims for damages to or loss or destruction of personal property bailed to the Government and for damage or real property incident to the use and occupancy thereof under a lease, express or implied, or otherwise, and including claims of the foregoing categories arising out of civil works, are payable under the military claims provision (sec. 1, Act of 3 July 1943, Pub. Law 112, 78th Cong.) provided they do not exceed \$500 or, if approved in time of war, provided they do not exceed \$1,000.

(b) *Classes of claims payable hereunder.* Claims within the scope of the regulations contained in §§ 36.12-36.23 may be classified as follows:

(1) Claims for damage to or loss or destruction of property caused by acts or omissions of military personnel or civilian employees of the War Department or of the Army while acting within the scope of their employment.

(2) Claims for reasonable medical, hospital, and burial expenses actually incurred on account of personal injury or death caused by acts or omissions of military personnel or civilian employees of the War Department or of the Army while acting within the scope of their employment.

(3) Claims for damage to or loss or destruction of registered or insured mail, even though resulting from criminal acts, while in the possession of the military authorities.

(4) Claims for damage to or loss or destruction of personal property bailed to the Government.

(5) Claims for damage to real property incident to the use and occupancy thereof under a lease, express or implied, or otherwise.

(6) Claims for damage to or loss or destruction of property otherwise incident to noncombat activities of the War Department or of the Army even though not caused by acts or omissions of military personnel or civilian employees.

(7) Claims for reasonable medical, hospital, and burial expenses actually incurred on account of personal injury or death otherwise incident to noncombat activities of the War Department or of the Army even though not caused by acts or omissions of military personnel or civilian employees. Any particular claim may be within more than one of the above classes.

(c) *Claims allowable under prior regulations payable hereunder.* Any claim, except property claims of military personnel and civilian employees of the War Department or of the Army incident to their service, arising on or after 27 May 1941, formerly allowable under provisions of law and regulations now superseded is payable under the provisions of these regulations (§§ 36.12-36.23).

(d) *Application to pending claims.* The provisions of the regulations contained in §§ 36.12-36.23 apply to all claims otherwise within the scope thereof, not heretofore paid, arising out of accidents or incidents occurring on or after 27 May 1941; see, however, § 36.22 (c) as to claims presented prior to 3 July 1943, if subrogation is involved. Claims arising out of accidents or incidents occurring prior to 27 May 1941, will be forwarded, with related files and such comments, if any, as the forwarding authority may desire to submit, by or through the commanding general of the service command, or the commanding officer of the air service command, within the United States, its territories and possessions, in which the accident or incident resulting in the claim occurred, to The Judge Advocate General, Washington 25, D. C., for appropriate administrative action. [Pars. 2 and 3]

§ 36.13 *Acts or omissions*—(a) *Military personnel and civilian employees.* Military personnel and civilian employees whose acts or omissions may give rise to claims within the scope of these regulations include all military personnel and civilian employees of the War Department or of the Army, prisoners of war and interned enemy aliens engaged in labor for pay, and volunteer workers, and others, serving as employees of the War Department or of the Army even though without compensation.

(b) *Scope of employment.* Acts or omissions of military personnel and civilian employees may give rise to claims payable under the provisions of these regulations (§§ 36.12-36.23) only if such acts or omissions occur while such military personnel or civilian employees are acting within the scope of their employment.

(c) *Proximate cause.* Claims for damage to or loss or destruction of property, or for personal injury or death, proximately caused by acts or omissions of military personnel or civilian employees acting within the scope of their employment are payable under the provisions of these regulations. Such acts or omissions, whether intentional or unintentional, may be negligent or wrongful, or they may be nonnegligent or mere mistakes of judgment. If the proximate cause of the accident or incident is the act or omission of persons other than military personnel or civilian employees, the claim is not payable under the provisions of these regulations. If the proximate cause of the accident or incident is the joint or concurrent negligent or wrongful act or omission of military personnel or civilian employees and of one or more persons other than the claimant, his agent, or employee, the claim is payable except to the extent if any, paid by or on behalf of such other person or persons. [Par. 4]

§ 36.14 *Claims*—(a) *Registered and insured mail.* Claims for damage to or loss or destruction of registered or insured mail while in the possession of the military authorities are within the scope of these regulations if caused by military personnel or civilian employees of the War Department or of the Army, even though resulting from criminal acts, or if otherwise incident to noncombat activities of the War Department or of the Army. Claims for damage, loss, or destruction occurring prior to delivery by the Post Office Department to military personnel or civilian employees of the War Department or of the Army (e. g., unit, battalion, or regimental mail clerks or postal officers) charged with distribution to the addressee are not payable under the provisions of these regulations; nor are claims arising after resumption of possession by the Post Office Department (e. g., for the purpose of forwarding to the addressee at a different address) and prior to redelivery to military personnel or civilian employees of the War Department or of the Army charged with distribution to the addressee.

(b) *Bailed personal property.* Claims for damage to or loss or destruction of personal property loaned, rented, or

otherwise bailed to the Government under an agreement, express or implied, are payable under the provisions of these regulations (§§ 36.12-36.23) unless by express agreement the bailor has assumed the risk of damage, loss, or destruction.

(c) *Use and occupancy of real property.* Claims for damage to real property incident to the use and occupancy thereof by the Government under a lease, express or implied, or otherwise, are payable under the provisions of these regulations (§§ 36.12-36.23) even though legally enforceable against the Government as contract claims.

(d) *Contract claims.* Claims for damage to or loss or destruction of property founded in contract, express or implied, except those under paragraphs (b) and (c) of this section, are normally not payable under the provisions of these regulations (§§ 34.12-36.23). Any claim which is apparently within the provisions of (Pub. Law 112, 78th Cong.) but appears to be founded in contract, express or implied, except claims under paragraphs (b) and (c) of this section, will be forwarded, with related files and such comments, if any, as the forwarding authority may desire to submit, by or through the commanding general of the service command, or the commanding officer of the air service command, as the case may be, to The Judge Advocate General for appropriate action.

(e) *Other noncombat activities.* Claims for damage to or loss or destruction of property, or for personal injury or death, though not caused by acts or omissions of military personnel or civilian employees of the War Department or of the Army, are payable under the provisions of these regulations if otherwise incident to the noncombat activities of the War Department or of the Army. To illustrate, claims arising from airplane crashes, salvage operations, barrage balloons, vibration or concussion from gunfire, mechanical defects, runaway horses, and explosions. [Pars. 5 to 9]

§ 36.15 *Contributory negligence.* Contributory negligence or wrongful act or omission of the claimant, or of his agent or employee, acting within the scope of his employment, in whole or in part the proximate cause, bars a claim. [Par. 10]

§ 36.16 *Claims under Foreign Claims Act.* Claims arising in foreign countries which are cognizable under the provisions of the act of January 2, 1942, as amended (See § 36.26), are not within the provisions of the regulations in §§ 36.12-36.23. Subject, however, to the foregoing provision, there is no geographical limitation on the scope of application of these regulations, for example, a claim arising in a foreign country which is not cognizable under the act of January 2, 1942, as amended, because the claimant is not an inhabitant of the foreign country in which the accident or incident occurs may, if the claim is otherwise within the provisions of these regulations, be paid hereunder. Claims, arising in foreign countries, of nationals of a country at war with the United States, or of any ally of such

enemy country, who are inhabitants of foreign countries may not be paid under the provisions of these regulations except as a foreign claims commission or the local military commander may determine that the claimants are friendly to the United States. [Par. 11]

§ 36.17 *Claims of or pertaining to military personnel or civilian employees—(a) Property.* Claims for damage or loss or destruction of property of military personnel or civilian employees of the War Department or of the Army occurring incident to their service will be considered only under the provisions of AR 25-100.<sup>1</sup> Claims of such personnel and employees for damage to or loss or destruction of property not incident to their service are payable under the provisions of these regulations on the same basis as are claims of persons not military personnel or civilian employees of the War Department or of the Army.

(b) *Injury or death of military personnel or civilian employees.* Claims for medical, hospital, and burial expenses on account of injury or death of military personnel or civilian employees of the War Department or of the Army will first be considered under the provisions of §§ 77.1 to 77.8, and AR 40-505 (Medical Attendance—General Provisions): §§ 77.40 to 77.46, and AR 40-510 (Dental Attendance); or §§ 36.50 to 36.53 and AR 30-1830 (Burial Expenses); those of civilian employees, not within those regulations, may be within the jurisdiction of the United States Employees Compensation Commission under the provisions of the act of 7 September 1916 (39 Stat. 742; 5 U. S. C. 751), as amended. Claims of such personnel and employees for medical, hospital, and burial expenses not within the scope of the above-mentioned regulations or statute are payable under the provisions of the regulations in these §§ 36.12 to 36.23 on the same basis as are claims of persons not military personnel or civilian employees of the War Department or of the Army. [Pars. 12 and 13]

§ 36.18 *Depredation.* Claims for damage to or loss or destruction of property, by persons subject to military law, caused by riotous, violent, or disorderly conduct, or acts of depredation, willful misconduct, or such reckless disregard of property rights as to carry an implication of guilty intent, and payable under the provisions of Article of War 105 as set forth in § 36.25 and AR 25-80, are not payable under the provisions of these regulations. [Par. 14]

§ 36.19 *Combat activities.* Claims for damage to or loss or destruction of property, or for personal injury or death, resulting from action by the enemy, or resulting directly or indirectly from any act by armed forces engaged in combat, are not payable under the provisions of these §§ 36.12-36.23. [Par. 15]

§ 36.20 *Expenses; Medical, hospital or burial—(a) Medical expenses—(1) In-*

*cluded.* Items properly allowable include, if reasonably necessary and reasonable in amount and actually incurred—

(i) Transportation, by ambulance or otherwise, from the scene of the accident or incident to a physician or hospital, and to and from residence to physicians or hospitals, for examination or treatment.

(ii) Services performed by physicians, surgeons, dentists, laboratory technicians, anesthetists, masseurs, and registered and practical nurses.

(iii) Physiotherapy.

(iv) X-ray and roentgenological examination and treatment.

(v) Laboratory tests.

(vi) Medicines.

(vii) Other reasonably necessary medical expenses.

(2) *Excluded.* No amount may be allowed, as an item of the claim, for medical services furnished at the expense of the United States.

(b) *Hospital expenses—(1) Included.* Items properly allowable include, if reasonably necessary and reasonable in amount and actually incurred:

(i) Use of emergency and surgical rooms.

(ii) Room and board.

(iii) Anesthetics, medicines, laboratory feed, and dressings.

(iv) Payments to blood donors.

(v) Other reasonably necessary hospital expenses.

(2) *Excluded.* No amount may be allowed, as an item of the claim, for hospital services furnished at the expense of the United States.

(c) *Burial expenses—(1) Included.* Items properly allowable include, if reasonable in amount and actually incurred:

(i) Undertaker's services.

(ii) Casket.

(iii) Transportation.

(iv) Cemetery lot.

(v) Services of a minister, priest, or rabbi.

(vi) Interment or cremation.

(vii) Other reasonably necessary burial and funeral expenses.

(2) *Excluded.* No amount may be allowed, as an item of the claim, for any portion of the expense of burial otherwise paid by the United States. [Par. 16, 17 and 18]

§ 36.21 *Statute of limitations.* Claims must be presented in writing within 1 year after the occurrence of the accident or incident out of which the claim arises, except that if the accident or incident occurs in time of war, or if war intervenes within 1 year after its occurrence, a claim may, if good cause for the delay is shown, be presented within 1 year after peace is established. [Par. 19]

§ 36.22 *Claims of subrogees—(a) Included.* Settlement will be made solely with the insured, rather than with the insurer or with both the insured and insurer, in cases of damage, loss, destruction, injury, or death covered by insurance. No inquiry will be made into, nor determination made of, the relative interests as between insured and insurer. The entire claim, including any portion thereof insured against, will be filed by

<sup>1</sup> Administrative regulations of the War Department relating to claims of military personnel for loss of private property.

or on behalf of the insured and payment of the entire amount allowed will be made in the name of the insured. Evidence of authority to file a claim on behalf of the insured may be established by a power of attorney, insurance policy provision, or other documentary evidence. The foregoing provisions will be equally applicable in cases of subrogation based other than on insurance.

(b) *Not included.* Claims by subrogees in their own right are not within the scope of these regulations and will not be considered.

(c) *Claims presented prior to 3 July 1943.* The provisions of (a) and (b) above will, however, be inapplicable to claims filed prior to 3 July 1943. [Par. 21]

§ 36.23 *Procedure*—(a) §§ 36.1 to 36.10 *applicable.* So far as applicable, the procedure set forth in §§ 36.1 to 36.10 will be followed as to claims within the provisions of these regulations.

(b) *Conditions of payment.* Prior to payment of any claim within the provisions of these regulations, each of the following conditions must be fulfilled:

(1) Amount of the damage, loss, or destruction, or amount to be allowed on account of personal injury or death, must be determined.

(2) Award must not exceed \$1,000 (\$500 in time of peace).

(3) Claim must be within the scope of these regulations as outlined in § 36.12.

(4) Claim must be presented in writing, ordinarily within 1 year after the occurrence of the accident or incident out of which the claim arises.

(5) Contributory negligence or wrongful act or omission, in whole or in part the proximate cause, bars a claim.

(6) Claim must be approved as provided in Army Regulations or, on appeal, by the Secretary of War.

(7) Claimant must accept, in full satisfaction and final settlement, the amount allowed if less than the full amount claimed.

(8) Claims payable under the provisions of §§ 36.25 or 36.26 are not payable under the provisions of the regulations in these §§ 36.12-36.23.

(9) Claims of military personnel or civilian employees incident to their service are not payable under the provisions of these regulations.

(c) *Superseded provisions.* The act of July 3, 1943, Public Law 112, 78th Congress, and the regulations in these §§ 36.12-36.23 supersede several provisions of law and regulations but, except property claims of military personnel and civilian employees of the War Department or of the Army incident to their service, any claim, arising on or after 27 May 1941, formerly payable under the superseded provisions is within the scope of these regulations. [Pars. 20, 23 and 25]

Section 36.17 is redesignated § 36.25 and paragraph (b) (1) is amended to show correct references.

Section 36.18 is redesignated 36.26 and references contained in paragraphs (a) (1), (b) (5), and (d) (1) are amended.

(b) *Limitations of application.* \* \* \*

(5) *Claims within provisions of other regulations.* Claims for damage to or loss or destruction of property, or for personal injury or death, arising in foreign countries but not within the provisions of the act of January 2, 1942, as amended, should be processed under the provisions of §§ 36.12 to 36.23 or § 36.25 or under AR 25-100,<sup>1</sup> if applicable.

### PART 627—APPEAL TO BOARD OF APPEAL

#### APPEAL INVOLVING CLAIM THAT REGISTRANT IS CONSCIENTIOUS OBJECTOR

By virtue of the provisions of the Selective Training and Service Act of 1940 (54 Stat. 885, 50 U.S.C., App. and Sup. 301 et seq.): E.O. No. 8545, 5 F.R. 3779, E.O. No. 9279, 7 F.R. 10177, and the authority vested in me by the Chairman of the War Manpower Commission in Administrative Order No. 26, 7 F.R. 10512, Selective Service Regulations, Second Edition, are hereby amended in the following respect:

1. Amend paragraph (a) of § 627.25 (6 F.R. 6845, 7 F.R. 4155, 10520) to read as follows:

§ 627.25 *Special provisions where appeal involves claim that registrant is a conscientious objector.* (a) If an ap-

<sup>1</sup> Form filed as part of original document.

peal involves the question of whether a registrant is entitled to be sustained in his claim that he is a conscientious objector, the board of appeal shall take the following action:

(1) First determine whether the registrant should be classified in one of the classes set forth in § 623.21 in the order set forth and, if it so determines, it shall place the registrant in such class; or

(2) If it determines that the registrant should not be classified in one of the classes set forth in § 623.21 and the registrant has claimed classification in Class IV-E, determine whether to place the registrant in such class and, if it so determines, it shall place the registrant in Class IV-E; or

(3) If it determines that the registrant should not be classified in one of the classes set forth in § 623.21 and the registrant has not claimed classification in Class IV-E but has claimed classification in Class I-A-O, determine whether to place the registrant in such class and, if it so determines, it shall place the registrant in Class I-A-O; or

(4) If it determines not to place such registrant in one of the classes set forth in § 623.21 or in Class IV-E or in Class I-A-O under the circumstances set forth in subparagraphs (1), (2), or (3) of this section, it shall transmit the entire file to the United States Attorney for the judicial district in which the local board of the registrant is located for the purpose of securing an advisory recommendation from the Department of Justice.

No registrant's file shall be forwarded to the United States Attorney by any board of appeal, and any file so forwarded shall be returned, unless in the "Minutes of Other Actions" on the Selective Service Questionnaire (Form 40) the record shows and the letter of transmittal states that the board of appeal reviewed the file and determined that the registrant should not be classified in one of the classes set forth in § 623.21 or in Class IV-E or Class I-A-O under the circumstances set forth in subparagraphs (1), (2), or (3) above.

### PART 921—ALUMINUM

[Supplementary Order M-1-1 as Amended  
 October 28, 1943]

Section 921.11 Supplementary Order M-1-1 is hereby amended to read as follows:

§ 921.11 *Supplementary Order M-1-1—(a) Definitions.* For the purposes of this order:

(1) "Aluminum" means any material the principal ingredient of which by either weight or volume is metallic aluminum, which material is in ingot or similar raw form or in the form of finished or semi-finished parts, assemblies or products of any kind; but not including any material in the form of aluminum scrap as defined herein (which is controlled by Supplementary Order M-1-d), or aluminum pigment or aluminum paint (which are defined in and controlled by Supplementary Order M-1-g).

(2) "Aluminum scrap" means all materials or objects which are the waste or by-product of industrial fabrication, or which have been discarded on account of obsolescence, failure or other reason, the principal ingredient of which by either weight or volume is metallic aluminum; and shall include all types and grades of aluminum residues, such as drosses, skimmings, fines, grindings, sawings and buffings, provided that the recoverable metallic aluminum content, as determined by the fire assay, hydrogen evolution or other method of comparable efficiency, constitutes 30% or more by weight of such residues.

(3) "Producer" means the Defense Plant Corporation, Aluminum Company of America, the Reynolds Metals Company, the Olin Corporation, and any other person who may be so designated by the War Production Board.

(4) "Approved smelter" means any person whose name appears on Schedule A attached to Supplementary Order M-1-d.

(5) "Use aluminum in manufacture" means to melt, roll, forge, cast, extrude, draw, turn, spin, fabricate or process in any other way, or assemble or incorporate in assemblies, or to consume or otherwise use in the course of manufacture, any aluminum; but does not include the installation of a finished product or repair part for the ultimate consumer.

(6) "Low grade aluminum ingot" means aluminum in ingot or similar raw form (but not scrap) containing at least 3% by weight of copper and 0.8% by weight of iron.

(b) *Restrictions on use of aluminum.* Except as specifically authorized by the War Production Board, no person shall use aluminum in manufacture where the use of a less scarce material is practicable, and no person shall use more aluminum or aluminum of a better grade than is necessary for the proper operation of an article or part. Allotments, authorized controlled material orders and authorized production schedules are not specific authorization to use aluminum within the meaning of this order. In addition, no person shall use aluminum in manufacture except to make the following items, or parts or sub-assemblies therefor, or for the purposes indicated, and then he shall use only low-grade aluminum ingot (or parts or material made therefrom) where the description of the item or purpose is qualified by the words "low-grade aluminum ingot only" or similar phraseology:

(1) Combat end products complete for tactical operations when they are prescribed for field or combat use by and are being produced for the Army or Navy of the United States, the Maritime Commission or the War Shipping

Administration, or when they are prescribed for field or combat use by any army or navy of a foreign country and are being produced for any foreign country pursuant to the Act of March 11, 1942, entitled "An Act to Promote the Defense of the United States" (Lease-Lend Act). However, the use of aluminum must be restricted to the grade and to the amounts required by the latest issue of specifications (including performance specifications) of the appropriate government agency or, in the case of Lease-Lend products, the use of aluminum must be restricted to the grade and the amounts required by the specifications applicable to similar combat end products of the appropriate United States government agency.

(2) Aircraft, in addition to those described in paragraph (b) (1) as combat end products.

(3) Alloys, other than aluminum as defined herein.

(4) Aluminumizing or calorizing.

(5) Aluminum to be exported in any of the forms and shapes described as a controlled material in CMP Regulation No. 1.

(6) Anhydrous aluminum chloride (low-grade aluminum ingot only).

(17) Fixed electrolytic and paper condensers, and mica condensers.

(18) Foundry equipment, the following items, made from low-grade aluminum ingot only: Core boxes, core dryers, match plates, patterns, flasks, and bottom boards. Damaged and obsolete equipment listed in this paragraph may be remelted for the production of new items listed in this paragraph without a CMP application or authorization pursuant to Supplementary Order M-1-d. (See Direction No. 1 to CMP Regulation No. 5).

<sup>1</sup> The Conservation Division of the War Production Board issues, periodically, a publication showing the relative scarcity of materials, entitled "Materials Substitutions and Supply List."

<sup>2</sup> Under Supplementary Order M-1-d, aluminum scrap may not be used for any of the purposes listed unless such use is specifically authorized by the War Production Board.

(19) Galvanizing, for addition to bath.  
 (20) Hydraulic brake pistons (low-grade aluminum ingot only).

(21) Instruments, mechanical and electrical. Dials, scales and panels for all types of such instruments. Other parts of only the following mechanical or electrical instruments:

(c) *Repair.* The restrictions of this order shall not apply to making repair parts for a specific repair of a used article, or to a person repairing a used article, when aluminum parts or aluminum material is used to replace aluminum or a scarcer material. Order M-1-d requires that any part or material replaced be turned over to a scrap dealer if it contains aluminum and is good only for scrap.

(d) *Requests for authorization to use aluminum.* Any person who seeks to obtain specific authorization of the War Production Board to use aluminum for a purpose not permitted by paragraphs (b) or (c) of this order should do so by applying by letter to the Aluminum and Magnesium Division, War Production Board, Washington 25, D. C., Reference M-1-i, which letter should be filed in duplicate and contain substantially the information, numbered as shown below.

(1) Weight, form and alloy of aluminum, for which authorization to use is requested.

(2) The number of months the quantity of aluminum requested will cover estimated requirements.

(3) The part to be fabricated, or other use to be made of the aluminum requested.

(6) If previous requests for this use have been authorized or denied, give reference number of most recent authorization or denial.

Special consideration will be given to requests for the use of aluminum in connection with approved programs of the War Production Board, where the use of aluminum would mean a substantial saving in man-hours or of material scarcer than aluminum, increase in production or increased efficiency of the product.

(e) *Contamination.* No person shall contaminate aluminum with any other metal or material, except that a producer or approved smelter may mix aluminum with other metals in the production of aluminum alloys, or except that any person may mix aluminum with other metals in the production of other alloys subject to the provisions of paragraph (b) hereof. (See also the provisions of Supplementary Order M-1-d with respect to aluminum scrap.)

(g) *Reports.* All persons shall file such inventory and other reports as may be prescribed from time to time by the War Production Board.

(h) *Tolling.* Except as the War Production Board may specifically authorize on Form WPB-165 (formerly Form PD-114) or otherwise, no aluminum shall be delivered or received for melting under any toll, repurchase or similar arrangement.

(i) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priorities control and may be deprived of priorities assistance.

(j) *Applicability of regulations.* This order and all transactions affected thereby are subject to all applicable regulations of the War Production Board as amended from time to time.

NOTE: The reporting provisions of this order have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

#### PART 922—MAGNESIUM

[General Preference Order M-2-b as Amended  
 Oct. 28, 1943]

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of magnesium for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 922.3 *General Preference Order M-2-b—(a) Definitions.* For the purposes of this order:

(1) "Magnesium" means any metal in ingot or other raw form the principal ingredient of which is the element magnesium.

(2) "Magnesium products" means any basic forms, such as, but not limited to, castings, extrusions, sheet, strip, plate, forgings and powder, the principal ingredient of which is magnesium.

(3) "Magnesium scrap" means any scrap material the principal ingredient of which is magnesium, generated in the course of any industrial process, or any discarded magnesium products, which must be remelted to be of value for further use. The term "magnesium scrap" also includes any dross resulting

from melting magnesium or magnesium scrap.

(4) "Person" means any individual, partnership, association, business trust, corporation, governmental corporation or agency, or any organized group of persons, whether incorporated or not.

(5) "Producer" means any person who makes magnesium, in whole or in part, from a non-metallic raw material.

(6) "Approved smelter" means the American Magnesium Corporation, Apex Smelting Company, National Smelting Company, Aluminum and Magnesium, Inc. and the Federated Metals Division, American Smelting and Refining Company, and any other person who may be so designated by the Director.

(7) "Fabricator" means any person, including pattern shops, foundries and powder grinders, who makes magnesium products.

(b) *Delivery and use.* Except as specifically authorized by the War Production Board pursuant to an allocation on Forms PD-603 and PD-26M (1) no producer, approved smelter or other smelter shall deliver any magnesium or use any magnesium to make magnesium base alloys, and (2) no person shall accept the delivery of any magnesium from a producer, approved smelter or other smelter, and (3) no fabricator shall use magnesium or deliver any magnesium products.

(c) *Prohibition of alloying, contamination and debasement.* No person shall alloy, contaminate or debase magnesium except as the War Production Board shall specifically authorize.

(d) *Collection, segregation and use of scrap.* (1) Except as provided in paragraph (d) (2) below, any person owning or generating any magnesium scrap, shall collect, segregate, place in suitable containers, label, identify and otherwise prepare for reprocessing all such scrap. Such scrap shall be segregated by alloys in accordance with the alloy designations of the American Society for Testing Materials, except that alloys #4 and #17 may be mixed with each other. Commercially pure magnesium and magnesium scrap of each alloy not described by such designations shall be kept segregated. All magnesium scrap shall be kept free of contamination by other metals and materials and otherwise handled in such manner that it will be of acceptable quality for reprocessing.

(2) Any fabricator may use any magnesium scrap generated in his plant in the course of fabrication, but only if such scrap is remelted and refabricated in such plant into products for the production of which such fabricator is currently obtaining deliveries of magnesium in conformity with this order, and if, in estimating, applying for, and ordering such magnesium, such fabricator reduced his requirements by an amount which, under the circumstances, represented a reasonable anticipation of the amount of magnesium scrap which would be recoverable for re-use as above authorized.

(e) *Disposition of all scrap.* Except as provided in paragraph (d) above or as the War Production Board may, upon application, specifically authorize or direct, any person, other than a producer or approved smelter, owning any magnesium scrap shall promptly sell all such scrap to a producer or approved smelter and shall not use or dispose of such scrap in any way except by such a sale. Except as specifically authorized by the War Production Board, no producer or approved smelter shall mix two or more alloys during the remelting of scrap.

(f) *Tolling prohibited.* Except as the War Production Board may specifically authorize pursuant to an application filed on Form PD-114, no scrap shall be delivered for processing or returned under any toll, repurchase or similar arrangement.

(g) *Dead stock.* All magnesium which is not being used in, or which is in excess of reasonable needs for, the manufacture of items approved by specific authorization of the War Production Board, shall be promptly disposed of pursuant to Priorities Regulation No. 13.

(h) *Request for authorizations and communications.* Any person who seeks the specific authorization of the War Production Board to do anything under this order where no form is prescribed for the purpose, may request such authorization by letter in duplicate addressed to the War Production Board, Aluminum and Magnesium Division, Washington 25, D. C., Reference: M-2-b. All other applications, statements or other communications concerning the subject matter of this order should be addressed in the same manner.

(i) *Report of operations.* Any producer, smelter or fabricator who, in any calendar month, has had in inventory any magnesium, magnesium product or magnesium scrap, shall, on or before the fifteenth day of the month following each month in which any such material was held, file a report on Form PD-173 or, in the case of a powder grinder, on Form PD-174, or on such other form as may be prescribed for this purpose.

(j) *Applicability of priorities regulations.* This order and all transactions affected thereby are subject to all applicable provisions of priorities regulations of the War Production Board, as amended from time to time.

(k) *Violations.* Any person who willfully violates any provision of this order, or who, in connection with this order, willfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priorities control.

#### PART 3293—CHEMICALS

[Interpretation 1 of Allocation Order M-354]

#### GASOLINE GUM INHIBITORS—DURATION OF AUTHORIZATIONS

The following interpretation has been issued with respect to Allocation Order M-354:

Allocations of gasoline gum inhibitors under Order M-354 [§ 3293.551] are made on a monthly basis and it is expected that in the normal case authorizations will be exercised within the month for which allocation was made.

As a general rule of interpretation, however, it may be stated that authorizations to use, deliver or accept delivery of gasoline gum inhibitors under Order M-354 must be exercised within a reasonable length of time after the issuance of the authorization, depending upon the particular circumstances.

Paragraphs (f) and (g) of the order make this general rule more specific.

In paragraph (f), which limits the duration of authorization for delivery, it is recognized that production difficulties may cause a supplier to defer a delivery until after the authorized month, but purchasers are specifically forbidden to require postponement of delivery beyond 10 days after the authorized month. No specific limitation is placed on acceptance of delivery.

In paragraph (g), which limits the duration of authorization for use, a 45-day limitation on the authorization is imposed, dating from receipt of the authorization or of the material allocated for the use, whichever is later. The word "use" in paragraph (g) refers to consumption of gasoline gum inhibitors. It does not refer to movement of the material, such as export of gasoline gum inhibitors in original form out of the United States.

The effect of paragraphs (f) and (g) on exports may be summarized as follows:

An authorized purchaser of gasoline gum inhibitors for export may not require postponement of the delivery of the inhibitors by the authorized supplier beyond the 10th day of the month following the authorized delivery month. However, after he has accepted delivery of the inhibitors, he may export them at any time without regard to the 45-day limitation of paragraph (g) of the order, and the use of the inhibitors outside of the United States and its territories or possessions is not subject to the control of Order M-354 or of any restriction arising out of an allocation under this order. However, if the allocated inhibitors are to be consumed in the United States or its territories or possessions, their delivery and use is subject to all the restrictions of the order.

Issued this 28th day of October 1943.

**PART 1351—FOOD AND FOOD PRODUCTS**

[MPR 486]

**OYSTER AND CLAM SHELLS**

In the judgment of the Price Administrator, it is necessary and proper to establish maximum prices for sales of oyster and clam shells by a regulation establishing dollars and cents maximum prices for the respective commodities at the various levels of distribution.

Such specifications and standards as are used in this regulation were, prior to such use, in general use in the trade or industry affected.

A statement of the considerations involved in the issuance of this regulation, issued simultaneously herewith has been filed with the Division of the Federal Register.\* In the judgment of the Price Administrator, the maximum prices established by this regulation are and will be generally fair and equitable and will effectuate the purposes of the Emergency Price Control Act of 1942, as amended, and of E.O. 9250 and E.O. 9328. So far as practicable the Price Administrator has advised and consulted with members of the industry which will be affected by this regulation.

\*Copies may be obtained from the Office of Price Administration.

SEC. 5. *Maximum prices for sales of domestic oyster and clam shells by wholesalers.* The maximum price for the sale of domestic oyster and clam shells by a wholesaler shall be \$2.50 per ton (maximum markup) over the maximum price which he could lawfully have paid under section 4 hereof for the lot from out of which the sale in question is made delivered at his warehouse plus transportation charges actually incurred by the seller from said warehouse to the buyer's receiving point.

SEC. 6. *Maximum prices for sales of domestic oyster and clam shells by retailers.* The maximum price for the sale of domestic oyster and clam shells by a retailer shall be \$4.00 per ton (maximum markup) over the maximum price which he could lawfully have paid under section 4 hereof (or section 5 if he purchased from a wholesaler) for the lot from out of which the sale in question is made delivered at his receiving point plus transportation charges actually incurred by the seller from his receiving point to his buyer's receiving point.

SEC. 7. *Maximum price for sales of imported oyster and clam shells.* (a) Except as provided in paragraph (b) of this section the maximum price for the sale within the 48 states and the District of Columbia of the United States of any imported oyster or clam shells shall be the maximum price for a like sale of the domestic product under section 4 hereof, provided transportation charges may be added only from the port of entry to the buyer's receiving point.

(b) Wholesalers and retailers making sales (within the 48 states and the District of Columbia of the United States) of any such imported products shall add their respective permitted markups and transportation charges as above provided as to the domestic products over the basic maximum price of the imported products provided in paragraph (a) of this section.

(c) A mixed feed manufacturer in determining his maximum prices under Maximum Price Regulation No. 378 on his mixed feeds for animals and poultry shall calculate his "cost" of any such imported products at the maximum price thereof, as above provided, if he purchased the same within the District of Columbia and the 48 states of the United States, and if he did not, then at the maximum price thereof as specified in paragraph (a) of this section.

SEC. 8. *Maximum prices in other cases.* (a) The maximum prices for any other sale of any oyster or clam shells not hereinbefore specifically provided for shall be the maximum price which the person from whom the seller purchased could lawfully have charged for a like sale.

(b) Notwithstanding any other provision of this regulation sales between persons of one of the classes of sellers hereinbefore specifically provided for shall be permissible; *Provided*, That no such sale, nor sales to a person of a different class, shall be at a higher price than the maximum price hereinbefore prescribed for said class of sellers.

Such authorization may be given when a request for a change in the applicable maximum price is pending, but only if the authorization is necessary to promote distribution or production and if it will not interfere with the purposes of the Emergency Price Control Act of 1942, as amended. The authorization may be given by the Administrator or by any official of the Office of Price Administration to whom the authority to grant such authorization has been delegated. The authorization will be given by order, except that it may be given by letter or telegram when the contemplated revision will be the granting of an individual application for adjustment.

## SECTION 1 Scope of this regulation—

(a) *Housing and defense-rental areas to which this regulation applies.* This regulation applies to all housing accommodations within each of the defense-rental areas and each of the portions of a defense-rental area (each of which is referred to hereinafter in this regulation as the "defense-rental area"), which are listed in Schedule A of this regulation, except as provided in paragraph (b) of this section.

In Schedule A, "the maximum rent date" and "the effective date of regulation" is given for each defense-rental area listed. More than one effective date is given for different portions of a defense-rental area where the same effective date is not applicable to the entire defense-rental area. Wherever the words "the maximum rent date" or the words "the effective date of regulation" are referred to in this regulation, the dates given in Schedule A for the particular defense-rental area or portion of the defense-rental area in which the housing accommodations are located shall apply. The effective date listed in Schedule A in each instance is the date rent regulation was effective in the particular defense-rental area or portion of the defense-rental area.

(b) *Housing to which this regulation does not apply.* This regulation does not apply to the following:

(1) *Farming tenants.* Housing accommodations situated on a farm and occupied by a tenant who is engaged for a substantial portion of his time in farming operations thereon.

(2) *Service employees.* Dwelling space occupied by domestic servants, caretakers, managers, or other employees to whom the space is provided as part of their compensation and who are employed for the purpose of rendering services in connection with the premises of which the dwelling space is a part.

(3) *Rooms in hotels, rooming houses, etc.* Rooms or other housing accommodations within hotels or rooming houses, or housing accommodations which have been, with the consent of the Administrator, brought under the control of the Rent Regulation for Hotels and Rooming Houses pursuant to the provisions of that regulation.

(4) *Structures in which more than 25 rooms are rented or offered for rent.* Entire structures or premises wherein more than 25 rooms are rented or offered for rent by any lessee, sublessee or other tenant of such entire structure or premises: *Provided*, That this regulation does apply to entire structures or premises wherein 25 or less rooms are rented or offered for rent by any lessee, sublessee or other tenant of such entire structure or premises, whether or not used by the lessee, sublessee or other tenant as a hotel or rooming house: *And provided further*, That this regulation does apply to an underlying lease of any entire structure or premises which was entered into after the maximum rent date and prior to the effective date of regulation, while such lease remains in force with no power in the tenant to cancel or otherwise terminate the lease.

(5) *Rented to National Housing Agency.* Housing accommodations rented to the United States acting by the National Housing Agency: *Provided, however*, That this regulation does apply to a sublease or other subrenting of such accommodations or any part thereof.

(6) *Resort housing.* Housing accommodations located in a resort community and customarily rented or occupied on a seasonal basis, which were not rented during any portion of the period beginning on November 1, 1942, and ending on March 31, 1943.

The exemption provided by this paragraph (b) (6) shall be effective only from June 1, 1943 to September 30, 1943, inclusive.

(c) *Effect of this regulation on leases and other rental agreements.* The provisions of any lease or other rental agreement shall remain in force pursuant to the terms thereof, except insofar as those provisions are inconsistent with this regulation.

(d) *Waiver of benefit void.* An agreement by the tenant to waive the benefit of any provision of this regulation is void. A tenant shall not be entitled by reason of this regulation to refuse to pay or to recover any portion of any rents due or paid for use or occupancy prior to the effective date of regulation.

Sec. 2 *Prohibition against higher than maximum rents—*(a) *General prohibition.* Regardless of any contract, agreement, lease, or other obligation heretofore or hereafter entered into, no person shall demand or receive any rent for use or occupancy on and after the effective date of regulation of any housing accommodations within the Defense-Rental Area higher than the maximum rents provided by this regulation; and no person shall offer, solicit, attempt, or agree to do any of the foregoing. Lower rents than those provided by this regulation may be demanded or received.

(b) *Exception in case of conversion of fuel oil heating units.* Notwithstanding any other provision of this regulation, where housing accommodations are heated with fuel oil the landlord of such accommodations may as hereinafter provided enter into an agreement with the tenant providing for payment by the tenant of part or all of the cost of changing the heating unit to use some fuel other than oil or of installing a new heating unit using some fuel other than oil. Prior to making such agreement the landlord shall in writing report the terms of the proposed agreement to the area rent office. The landlord may enter into the agreement either upon its approval by the Administrator or, unless the Administrator has disapproved the proposed agreement within five days after the filing of such report, upon the expiration of such 5-day period.

(c) *Lease with option to buy.* Where a lease of housing accommodations was entered into prior to the effective date of regulation (or prior to October 20, 1942 where the effective date of regulation is prior to that date) and the tenant as a part of such lease or in connection therewith was granted an option to buy the housing accommodations which were the subject of the lease, with the further

provision that some or all of the payments made under the lease should be credited toward the purchase price in the event such option is exercised, the landlord, notwithstanding any other provision of this regulation, may be authorized to receive payment made by the tenant in accordance with the provisions of such lease and in excess of the maximum rent for such housing accommodations. Such authority may be secured only by a written request of the tenant to the area rent office and shall be granted by order of the Administrator if he finds that such payments in excess of the maximum rent will not be inconsistent with the purposes of the Act or this regulation and would not be likely to result in the circumvention or evasion thereof. After entry of such order the landlord shall be authorized to demand, receive and retain payments provided by the lease in excess of the maximum rent for periods commencing on or after the effective date of regulation. After entry of such order, the provisions of the lease may be enforced in accordance with law, notwithstanding any other provision of this regulation: *Provided, however*, That if at the termination of the lease the tenant shall not exercise the option to buy, the landlord may thereafter remove or evict the tenant only in accordance with the provisions of section 6 of this regulation. Nothing in this paragraph shall be construed to authorize the landlord to demand or receive payments in excess of the maximum rent in the absence of an order of the Administrator as herein provided. Where a lease of housing accommodations has been entered into on or after the effective date of regulation (or on or after October 20, 1942 where the effective date of regulation is prior to that date), and the tenant as a part of such lease or in connection therewith has been granted an option to buy the housing accommodations which are the subject of the lease, the landlord, prior to the exercise by the tenant of the option to buy, shall not demand or receive payments in excess of the maximum rent, whether or not such lease allocates some portion or portions of the periodic payments therein provided as payments on or for the option to buy.

Sec. 3 *Minimum services, furniture, furnishings and equipment.* Except as set forth in section 5 (b), every landlord shall, as a minimum, provide with housing accommodations the same essential services, furniture, furnishings, and equipment as those provided on the date determining the maximum rent, and as to other services, furniture, furnishings and equipment not substantially less than those provided on such date: *Provided, however*, That where fuel oil is used to supply heat or hot water for housing accommodations, and the landlord provided heat or hot water on the date determining the maximum rent, the heat and hot water which the landlord is required to supply shall not be in excess of the amount which he can supply under any statute, regulation or order of the United States or any agency thereof which rations or limits the use of fuel oil.

SEC. 4 *Maximum rents.* Maximum rents (unless and until changed by the Administrator as provided in section 5) shall be:

(a) *Rented on maximum rent date.* For housing accommodations rented on the maximum rent date, the rent for such accommodations on that date.

(b) *Not rented on maximum rent date but rented during two months ending on that date.* For housing accommodations not rented on the maximum rent date, but rented at any time during the two months ending on that date, the last rent for such accommodations during the two-month period.

(c) *First rent after the maximum rent date but before effective date.* For housing accommodations not rented on the maximum rent date nor during the two months ending on that date, but rented prior to the effective date of regulation, the first rent for such accommodations after the maximum rent date. The Administrator may order a decrease in the maximum rent as provided in section 5 (c).

(d) *Constructed or changed before effective date.* For (1) newly constructed housing accommodations without priority rating first rented after the maximum rent date and before the effective date of regulation, or (2) housing accommodations changed between those dates so as to result in an increase or decrease of the number of dwelling units in such housing accommodations, or (3) housing accommodations changed between those dates from unfurnished to fully furnished, or from fully furnished to unfurnished, or (4) housing accommodations substantially changed between those dates by a major capital improvement as distinguished from ordinary repair, replacement and maintenance, the first rent for such accommodations after such construction or change: *Provided, however,* That, where such first rent was fixed by a lease which was in force at the time of a major capital improvement, the maximum rent shall be the first rent after termination of such lease. The Administrator may order a decrease in the maximum rent as provided in section 5 (c).

(e) *First rent after effective date.* For (1) newly constructed housing accommodations without priority rating first rented on or after the effective date of regulation, or (2) housing accommodations changed on or after such effective date so as to result in an increase or decrease of the number of dwelling units in such housing accommodations, or (3) housing accommodations not rented at any time during the two months ending on the maximum rent date nor between that date and the effective date, the first rent for such accommodations after the change or the effective date, as the case may be, but in no event more than the maximum rent provided for such accommodations by any order of the Administrator issued prior to September 22, 1942. Within 30 days after so renting the landlord shall register the accommodations

as provided in section 7. The Administrator may order a decrease in the maximum rent as provided in section 5 (c).

If the landlord fails to file a registration statement within the time specified, the rent received for any rental period commencing on or after the date of the first renting or October 1, 1943, whichever is the later, shall be received subject to refund to the tenant of any amount in excess of the maximum rent which may later be fixed by an order under section 5 (c) (1). In such case, the order under section 5 (c) (1) shall be effective to decrease the maximum rent from the date of such first renting or from the beginning of the first rental period after October 1, 1943, whichever is the later. The foregoing provisions and any refund thereunder do not affect any civil or criminal liability provided by the Act for failure to file the registration statement required by section 7.

[Above paragraph added by Am. 9, 8 F.R. 13390, effective 10-14-43]

(f) *Priority-constructed housing.* For housing accommodations constructed with priority rating from the United States or any agency thereof for which the rent has been heretofore or is hereafter approved by the United States or any agency thereof, the rent so approved, but in no event more than the rent on the maximum rent date, or, if the accommodations were not rented on that date, more than the first rent after that date.

(g) *Housing owned and constructed by the government.* For housing accommodations constructed by the United States or any agency thereof, or by a State of the United States or any of its political subdivisions, or any agency of the State or any of its political subdivisions, and owned by any of the foregoing, the rent generally prevailing in the Defense-Rental Area for comparable housing accommodations on the maximum rent date, as determined by the owner of such accommodations: *Provided, however,* That any corporation formed under the laws of a State shall not be considered an agency of the United States within the meaning of this paragraph. The Administrator may order a decrease in the maximum rent as provided in section 5 (c).

(h) *Housing subject to rent schedule of War or Navy Department.* For housing accommodations rented to either Army or Navy personnel, including civilian employees of the War and Navy Departments, for which the rent is fixed by the national rent schedule of the War or Navy Department, the rents established by such rent schedule.

[Paragraph (h) as amended by Am. 8, 8 F.R. 12795, effective 9-20-43]

(i) *Rent established under former section 5 (e).* For housing accommodations with a maximum rent established, prior to March 1, 1943, under the first paragraph of section 5 (e) as that paragraph appeared in Maximum Rent

Regulations issued prior to such date,<sup>\*</sup> the rent on March 1, 1943, or, if the accommodations were not rented on that date, the last rent prior thereto, but in no event more than the maximum rent established under such first paragraph of section 5 (e). The Administrator may order a decrease in the maximum rent as provided in section 5 (c) (8).

(j) *Changed on or after July 1, 1943, from unfurnished to furnished.* For housing accommodations changed on or after July 1, 1943 from unfurnished to fully furnished, the first rent for such accommodations after such change. The Administrator may order a decrease in the maximum rent as provided in section 5 (c) (1).

Within 30 days after the accommodations are first rented fully furnished, the landlord shall register the accommodations as provided in section 7. If the landlord fails to file a registration statement within the time specified, the rent received from the time of such first renting shall be received subject to refund to the tenant of any amount in excess of the maximum rent which may later be fixed by an order under section 5 (c) (1). In such case, the order under section 5 (c) (1) shall be effective to decrease the maximum rent from the time of such first renting. The foregoing provisions and any refund thereunder do not affect any civil or criminal liability provided by the Act for failure to file the registration statement required by section 7.

[Paragraph (j) added by Am. 2, 8 F.R. 9020, effective 7-1-43]

SEC. 5 *Adjustments and other determinations.* In the circumstances enumerated in this section, the Administrator may issue an order changing the maximum rents otherwise allowable or the minimum services required. In those cases involving a major capital improvement, an increase or decrease in the furniture, furnishings or equipment, an increase or decrease of services, an increase or decrease in the number of subtenants or other occupants, or a deterioration, the adjustment in the maximum rent shall be the amount the Administrator finds would have been on the maximum rent date, the difference in the rental value of the housing accommodations by reason of such change: *Provided, however,* That no adjustment shall be ordered where it appears that the rent on the date determining the

<sup>\*</sup> The first paragraph of section 5 (e) read as follows: "Where, at the expiration or other termination of an underlying lease or other rental agreement, housing accommodations or a predominant part thereof are occupied by one or more subtenants or other persons occupying under a rental agreement with the tenant, the landlord may rent the entire premises for use by similar occupancy for a rent not in excess of the aggregate maximum rents of the separate dwelling units, or may rent the separate dwelling units for rents not in excess of the maximum rents applicable to such units."

maximum rent was fixed in contemplation of and so as to reflect such change. In all other cases, except those under paragraph (a) (7) and (c) (6) of this section, the adjustment shall be on the basis of the rent which the Administrator finds was generally prevailing in the Defense-Rental Area for comparable housing accommodations on the maximum rent date: *Provided*, That in cases under paragraph (c) (8) of this section due consideration shall be given to any increased occupancy of the accommodations since that date by subtenants or other persons occupying under a rental agreement with the tenant. In cases involving construction due consideration shall be given to increased costs of construction, if any, since the maximum rent date. In cases under paragraph (a) (7) and (c) (6) of this section the adjustment shall be on the basis of the rents which the Administrator finds were generally prevailing in the Defense-Rental Area for comparable housing accommodations during the year ending on the maximum rent date.

(a) *Grounds for increase of maximum rent.* Any landlord may file a petition for adjustment to increase the maximum rent otherwise allowable, only on the grounds that:

(1) *Major capital improvement after effective date.* There has been on or after the effective date of regulation a substantial change in the housing accommodations by a major capital improvement as distinguished from ordinary repair, replacement and maintenance.

(2) *Major capital improvement prior to maximum rent date.* There was, on or prior to the maximum rent date, a substantial change in the housing accommodations by a major capital improvement as distinguished from ordinary repair, replacement and maintenance, and the rent on the maximum rent date was fixed by a lease or other rental agreement which was in force at the time of such change.

(3) *Substantial increase in services, furniture, furnishings or equipment.* There has been a substantial increase in the services, furniture, furnishings or equipment provided with the housing accommodations since the date or order determining its maximum rent. No increase in the maximum rent shall be ordered on the ground set forth in this paragraph (a) (3) unless the increase in services, furniture, furnishings or equipment occurred with the consent of the tenant or while the accommodations were vacant: *Provided*, That an adjustment may be ordered, although the tenant refuses to consent to the increase in services, furniture, furnishings or equipment, if the Administrator finds that such increase (i) is reasonably required for the operation of a multiple dwelling structure or other structure of which the accommodations are a part or (ii) is necessary for the preservation or maintenance of the accommodations.

(4) *Special relationship between landlord and tenant.* The rent on the date determining the maximum rent was materially affected by the blood, personal

or other special relationship between the landlord and the tenant and as a result was substantially lower than the rent generally prevailing in the Defense-Rental Area for comparable housing accommodations on the maximum rent date: *Provided*, That no adjustment under this subparagraph increasing the maximum rent shall be made effective with respect to any accommodations regularly rented to employees of the landlord while the accommodations are rented to an employee, and no petition for such an adjustment will be entertained until the accommodations have been or are about to be rented to one other than an employee.

(5) *Lease for term commencing one year or more before maximum rent date.* There was in force on the maximum rent date, a written lease, for a term commencing on or prior to the date one year before the maximum rent date, requiring a rent substantially lower than the rent generally prevailing in the Defense-Rental Area for comparable housing accommodations on the maximum rent date; or the housing accommodations were not rented on the maximum rent date, but were rented during the two months ending on that date and the last rent for such accommodations during that two-month period was fixed by a written lease, for a term commencing on or prior to the date one year before the maximum rent date, requiring a rent substantially lower than the rent generally prevailing in the Defense-Rental Area for comparable housing accommodations on the maximum rent date.

(6) *Varying rents.* The rent on the date determining the maximum rent was established by a lease or other rental agreement which provided for a substantially higher rent at other periods during the term of such lease or agreement.

(7) *Seasonal rents.* The rent on the date determining the maximum rent was substantially lower than at other times of year by reason of seasonal demand, or seasonal variations in the rent, for such housing accommodations. In such cases the Administrator's order may if he deems it advisable provide for different maximum rents for different periods of the calendar year.

(8) *Substantial increase in occupancy.* There has been, since the maximum rent date, either (i) a substantial increase in the number of subtenants or other persons occupying the accommodations or a part thereof under a rental agreement with the tenant, or (ii) a substantial increase in the number of occupants, in excess of normal occupancy for that class of accommodations on the maximum rent date, or (iii) an increase in the number of occupants over the number contemplated by the rental agreement on the date determining the maximum rent, where the landlord on that date had a regular and definite practice of fixing different rents for the accommodations for different numbers of occupants.

(9) On the date determining the maximum rent the housing accommodations were temporarily exempt from real estate taxes, the landlord was passing

the benefit of this tax exemption on to the tenant, and as a result the rent on that date was substantially lower than the rent generally prevailing in the defense-rental area for comparable housing accommodations on the maximum rent date.

[Paragraph (9) added by Am. 6, 8 F.R. 12660, effective 9-15-43]

(b) *Decreases in minimum services, furniture, furnishings and equipment—*

(1) *Decreases prior to effective date.* If, on the effective date of regulation, the services provided for housing accommodations are less than the minimum services required by section 3, the landlord shall either restore and maintain such minimum services or, within 30 days (or, for housing accommodations within the Los Angeles Defense-Rental Area, within 60 days) after such effective date, file a petition requesting approval of the decreased services. If, on such effective date (or on December 1, 1942 where the effective date of regulation is prior to that date), the furniture, furnishings or equipment provided with housing accommodations are less than the minimum required by section 3, the landlord shall, within 30 days after such date, file a written report showing the decrease in furniture, furnishings or equipment.

(2) *Decreases after effective date.* Except as above provided, the landlord shall, until the accommodations become vacant, maintain the minimum services, furniture, furnishings, and equipment unless and until he has filed a petition to decrease the services, furniture, furnishings, or equipment and an order permitting a decrease has been entered thereon; however, if it is impossible to provide the minimum services, furniture, furnishings, or equipment he shall file a petition within 10 days after the change occurs. When the accommodations become vacant the landlord may, on renting to a new tenant, decrease the services, furniture, furnishings, or equipment below the minimum; within 10 days after so renting the landlord shall file a written report showing such decrease.

(3) *Adjustment in maximum rent for decreases.* The order on any petition under this paragraph may require an appropriate adjustment in the maximum rent; and any maximum rent for which a report is required by this paragraph may be decreased in accordance with the provisions of section 5(c) (3). If the landlord fails to file the petition or report required by this paragraph within the time specified, or decreases the services, furniture, furnishings, or equipment without an order authorizing such decrease where such order is required, the rent received by the landlord for any rental period commencing on or after such decrease or the effective date of regulation (or December 1, 1942 where the effective date of regulation is prior to that date), whichever is the later, shall be received subject to refund to the tenant of any amount in excess of the maximum rent which may later be fixed by any order decreasing the maximum rent on account of such decrease in services, furniture, furnishings, or equip-

ment. In such case, any order decreasing the maximum rent shall be effective to decrease such rent from the beginning of the first rental period after the decrease in services, furniture, furnishings, or equipment or after the effective date of regulation (or after December 1, 1942 where the effective date of regulation is prior to that date), whichever is the later. The foregoing provisions and any refund thereunder do not affect any civil or criminal liability provided by the Act for failure to comply with any requirement of this paragraph.

(c) *Grounds for decrease of maximum rent.* The Administrator at any time, on his own initiative or on application of the tenant, may order a decrease of the maximum rent otherwise allowable, only on the grounds that:

(1) *Rent higher than rents generally prevailing.* The maximum rent for housing accommodations under paragraph (c), (d), (e), (g), or (j) of section 4 is higher than the rent generally prevailing in the Defense-Rental Area for comparable housing accommodations on the maximum rent date.

[Subparagraph (1) as amended by Am. 2, 8 F.R. 9020, effective 7-1-43]

(2) *Substantial deterioration.* There has been a substantial deterioration of the housing accommodations other than ordinary wear and tear since the date or order determining its maximum rent.

(3) *Decrease in services, furniture, furnishings or equipment.* There has been a decrease in the minimum services, furniture, furnishings or equipment required by section 3 since the date or order determining the maximum rent.

(4) *Special relationship between landlord and tenant.* The rent on the date determining the maximum rent was materially affected by the blood, personal, or other special relationship between the landlord and the tenant and as a result was substantially higher than the rent generally prevailing in the defense-rental area for comparable housing accommodations on the maximum rent date.

(5) *Varying rents.* The rent on the date determining the maximum rent was established by a lease or other rental agreement which provided for a substantially lower rent at other periods during the term of such lease or agreement.

(6) *Seasonal rent.* The rent on the date determining the maximum rent was substantially higher than at other times of year by reason of seasonal demand, or seasonal variations in the rent, for such housing accommodations. In such cases the Administrator's order may if he deems it advisable provide for different maximum rents for different periods of the calendar year.

(7) *Substantial decrease in occupancy.* There has been a substantial decrease in the number of subtenants or other occupants since an order under paragraph (a) (8) or (c) (8) of this section.

(8) *Rent established under section 4 (i).* The maximum rent is established under section 4 (i) and is higher than the rent generally prevailing in the defense-rental area for comparable housing accommodations on the maximum

rent date, taking into consideration any increased occupancy of such accommodations since that date by subtenants or other persons occupying under a rental agreement with the tenant: *Provided*, That no decrease shall be ordered below the rent on the maximum rent date.

(d) *Orders where facts are in dispute, in doubt, or not known.* If the rent on the date determining the maximum rent, or any other fact necessary to the determination of the maximum rent, is in dispute between the landlord and the tenant, or is in doubt, or is not known, the Administrator on petition of the landlord filed within 30 days after the effective date of regulation, or at any time on his own initiative, may enter an order fixing the maximum rent by determining such fact; or if the Administrator is unable to ascertain such fact he shall enter the order on the basis of the rent which he finds was generally prevailing in the defense-rental area for comparable housing accommodations on the maximum rent date.

(e) *Sale of underlying lease or other rental agreement.* Where housing accommodations or a predominant part thereof are occupied by one or more subtenants or other persons occupying under a rental agreement with the tenant, the tenant may petition the Administrator for leave to exercise any right he would have except for this regulation to sell his underlying lease or other rental agreement. The Administrator may grant such petition if he finds that the sale will not result, and that sales of such character would not be likely to result, in the circumvention or evasion of the Act or this regulation. He may require that the sale be made on such terms as he deems necessary to prevent such circumvention or evasion.

(f) *Interim orders.* Where a petition is filed by a landlord on one of the grounds set out in paragraph (a) of this section, the Administrator may enter an interim order increasing the maximum rent until further order, subject to refund by the landlord to the tenant of any amount received in excess of the maximum rent established by final order upon such petition. The receipt by the landlord of any increased rent authorized by such interim order shall constitute an agreement by the landlord with the tenant to refund to the tenant any amount received in excess of the maximum rent established by final order. The landlord shall make such refund either by repayment in cash or, where the tenant remains in occupancy after the effective date of the final order, by deduction from the next installment of rent, or both.

(g) *Adjustments in case of options to buy.* No adjustment in the maximum rent shall be ordered on the ground that the landlord, since the date or order determining the maximum rent, has, as a part of or in connection with a lease of housing accommodations, granted the tenant an option to buy the accommodations which are the subject of the lease. Where a lease of housing accommodations was in force on the date determining the maximum rent, and the landlord had on that date, as a part of

or in connection with such lease, granted the tenant an option to buy the accommodations which are the subject of the lease, the Administrator may, on or after the termination of such lease, on his own initiative or on application of the tenant, enter an order fixing the maximum rent on the basis of the rents which the Administrator finds were generally prevailing in the defense-rental area for comparable housing accommodations not subject to an option to buy on the maximum rent date.

Sec. 6 *Removal of tenant*—(a) *Restrictions on removal of tenant.* So long as the tenant continues to pay the rent to which the landlord is entitled, no tenant shall be removed from any housing accommodations, by action to evict or to recover possession, by exclusion from possession, or otherwise, nor shall any person attempt such removal or exclusion from possession, notwithstanding that such tenant has no lease or that his lease or other rental agreement has expired or otherwise terminated, and regardless of any contract, lease, agreement or obligation heretofore or hereafter entered into which provides for entry of judgment upon the tenant's confession for breach of the covenants thereof or which otherwise provides contrary hereto, unless:

(1) *Tenant's refusal to renew lease.* The tenant, who had a written lease or other written rental agreement, has refused upon demand of the landlord to execute a written extension or renewal thereof for a further term of like duration but not in excess of one year but otherwise on the same terms and conditions as the previous lease or agreement, except insofar as such terms and conditions are inconsistent with this regulation; or

(2) *Tenant's refusal of access to landlord.* The tenant has unreasonably refused the landlord access to the housing accommodations for the purpose of inspection or of showing the accommodations to a prospective purchaser, mortgagee, or prospective mortgagee, or other person having a legitimate interest therein: *Provided, however*, That such refusal shall not be ground for removal or eviction if such inspection or showing of the accommodations is contrary to the provisions of the tenant's lease or other rental agreement; or

(3) *Violating obligation of tenancy or committing nuisance.* The tenant (i) has violated a substantial obligation of his tenancy, other than an obligation to pay rent, and has continued, or failed to cure, such violation after written notice by the landlord that the violation cease, or (ii) is committing or permitting a nuisance or is using or permitting a use of the housing accommodations for an immoral or illegal purpose; or

(4) *Subtenants on expiration of tenant's lease.* The tenant's lease or other rental agreement has expired or otherwise terminated, and at the time of termination the occupants of the housing accommodations are subtenants or other persons who occupied under a rental agreement with the tenant, and no part of the accommodations is used by the tenant as his own dwelling; or

(5) *Demolition or alteration by landlord.* The landlord seeks in good faith to recover possession for the immediate purpose of demolishing the housing accommodations or of substantially altering or remodeling it in a manner which cannot practicably be done with the tenant in occupancy and the plans for such alteration or remodeling have been approved by the proper authorities, if such approval is required by local law; or

(6) *Occupancy by landlord.* The landlord owned, or acquired an enforceable right to buy or the right to possession of, the housing accommodations prior to the effective date of regulation (or prior to October 20, 1942 where the effective date of regulation is prior to that date, or prior to November 6, 1942 for housing accommodations within the Hastings Defense-Rental Area), and seeks in good faith to recover possession of such accommodations for immediate use and occupancy as a dwelling for himself. If a tenant has been removed or evicted under this paragraph (a) (6) from housing accommodations, the landlord shall file a written report on a form provided therefor before renting the accommodations or any part thereof during a period of six months after such removal or eviction.

(b) *Administrator's certificate—(1) Removals not inconsistent with Act or regulation.* No tenant shall be removed or evicted on grounds other than those stated above unless, on petition of the landlord, the Administrator certifies that the landlord may pursue his remedies in accordance with the requirements of the local law. The Administrator shall so certify if the landlord establishes that removals or evictions of the character proposed are not inconsistent with the purposes of the Act or this regulation and would not be likely to result in the circumvention or evasion thereof.

(2) *Occupancy by purchaser.* Removal or eviction of a tenant of the vendor, for occupancy by a purchaser who has acquired his rights in the housing accommodations on or after the effective date of regulation (or on or after October 20, 1942 where the effective date of regulation is prior to that date, or on or after November 6, 1942 for housing accommodations within the Hastings Defense-Rental Area) is inconsistent with the purposes of the Act and this regulation and would be likely to result in the circumvention or evasion thereof, unless (i) the payment or payments of principal made by the purchaser, excluding any payments made from funds borrowed for the purpose of making such principal payments, aggregate 20% or more of the purchase price, and (ii) a period of three months has elapsed after the issuance of a certificate by the Administrator as hereinafter provided. For the purposes of this paragraph (b) (2), the payments of principal may be made by the purchaser conditionally or in escrow to the end that they shall be returned to the purchaser in the event the Administrator denies a petition for a certificate. If the Administrator finds that the required payments of principal have been made, he shall, on petition of either the vendor or purchaser, issue a certificate authorizing the vendor or

purchaser to pursue his remedies for removal or eviction of the tenant in accordance with the requirements of the local law at the expiration of three months after the date of issuance of such certificate.

In no other case shall the Administrator issue a certificate for occupancy by a purchaser who has acquired his rights in the housing accommodations on or after the effective date of regulation (or on or after October 20, 1942 where the effective date of regulation is prior to that date, or on or after November 6, 1942 for housing accommodations within the Hastings Defense-Rental Area) unless he finds (i) that the vendor has or had a substantial necessity requiring the sale and that a reasonable sale or disposition of the accommodations could not be made without removal or eviction of the tenant, or (ii) that other special hardship would result, or (iii) that equivalent accommodations are available for rent, into which the tenant can move without substantial hardship or loss; under such circumstances the payment by the purchaser of 20% of the purchase price shall not be a condition to the issuance of a certificate, and the certificate may authorize the vendor or purchaser, either immediately or at the expiration of three months, to pursue his remedies for removal or eviction of the tenant in accordance with the requirements of the local law.

[Subparagraph (2) as amended by Am. 7, 8 F.R. 12693, effective 9-16-43]

(c) *Exceptions from section 6—(1) Subtenants.* The provisions of this section do not apply to a subtenant or other person who occupied under a rental agreement with the tenant, where removal or eviction of the subtenant or other such occupant is sought by the landlord of the tenant, unless under the local law there is a tenancy relationship between the landlord and the subtenant or other such occupant.

(2) *Housing subject to rent schedule of War or Navy Department.* The provisions of this section shall not apply to housing accommodations rented to either Army or Navy personnel, including civilian employees of the War and Navy Departments, for which the rent is fixed by the national rent schedule of the War or Navy Department.

(3) *One or two occupants in landlord's residence.* The provisions of this section shall not apply to an occupant of a furnished room or rooms not constituting an apartment, located within the residence occupied by the landlord or his immediate family, where such landlord rents to not more than two occupants within such residence.

(4) *Renting to family in landlord's residence.* The provisions of this section shall not apply to a family which on or after August 1, 1943 moves into a furnished room or rooms not constituting an apartment, located within the residence occupied by the landlord or his immediate family, where such landlord does not rent to any persons within such residence other than those in the one family.

[Subparagraph (4) added by Am. 8, 8 F.R. 10618, effective 8-1-43]

(d) *Notices required—(1) Notices prior to action to remove tenant.* Every notice to a tenant to vacate or surrender possession of housing accommodations shall state the ground under this section upon which the landlord relies for removal or eviction of the tenant. A written copy of such notice shall be given to the area rent office within 24 hours after the notice is given to the tenant.

No tenant shall be removed or evicted from housing accommodations by court process or otherwise, unless at least ten days (or, where the ground for removal or eviction is non-payment of rent, the period required by the local law for notice prior to the commencement of an action for removal or eviction in such cases, but in no event less than three days) prior to the time specified for surrender of possession and to the commencement of any action for removal or eviction, the landlord has given written notices of the proposed removal or eviction to the tenant and to the area rent office, stating the ground under this section upon which such removal or eviction is sought and specifying the time when the tenant is required to surrender possession: *Provided, however,* That the requirement of this sentence shall not apply to housing accommodations within the City of Baltimore, Maryland, the Northeastern New Jersey Defense-Rental Area, or the Trenton Defense-Rental Area, when the ground for the removal or eviction of a tenant is non-payment of rent.

Where the ground for removal or eviction of a tenant is non-payment of rent, every notice under this paragraph (d) (1) shall state the rent for the housing accommodations, the amount of rent due and the rental period or periods for which such rent is due. The provisions of this paragraph (d) (1) shall not apply where a certificate has been issued by the Administrator pursuant to the provisions of paragraph (b) of this section.

(2) *Notices at time of commencing action to remove tenant.* At the time of commencing any action to remove or evict a tenant, including an action based upon non-payment of rent, the landlord shall give written notice thereof to the area rent office stating the title of the case, the number of the case where that is possible, the court in which it is filed, the name and address of the tenant, and the ground under this section on which removal or eviction is sought.

(e) *Local law.* No provision of this section shall be construed to authorize the removal of a tenant unless such removal is authorized under the local law.

Sec. 7 *Registration—(a) Registration statement.* On or before the date specified in Schedule A of this regulation, or within 30 days after the property is first rented, whichever date is the later, every landlord of housing accommodations rented or offered for rent shall file in triplicate a written statement on the form provided therefor to be known as a registration statement. The statement shall identify each dwelling unit and specify the maximum rent provided by this regulation for such dwelling unit and shall contain such other information as the Administrator shall require. The original shall remain on file with the Administrator and he shall cause

one copy to be delivered to the tenant and one copy, stamped to indicate that it is a correct copy of the original, to be returned to the landlord. In any subsequent change of tenancy the landlord shall exhibit to the new tenant his stamped copy of the registration statement, and shall obtain the tenant's signature and the date thereof, on the back of such statement. Within five days after renting to a new tenant, the landlord shall file a notice on the form provided therefor, on which he shall obtain the tenant's signature, stating that there has been a change in tenancy, that the stamped copy of the registration statement has been exhibited to the new tenant and that the rent for such accommodations is in conformity therewith.

When the maximum rent is changed by order of the Administrator, the landlord shall deliver his stamped copy of the registration statement to the area rent office for appropriate action reflecting such change.

(b) *Receipt for amount paid.* No payment of rent need be made unless the landlord tenders a receipt for the amount to be paid.

(c) *Exceptions from registration requirements.*—(1) *Housing under section 4 (g).* The provisions of this section shall not apply to housing accommodations under section 4 (g). The owner of such housing accommodations shall file a schedule or schedules, setting out the maximum rents for all such accommodations in the Defense-Rental Area and containing such other information as the Administrator shall require. A copy of such schedule or schedules shall be posted by the owner in a place where it will be available for inspection by the tenants of such housing accommodations.

(2) *Housing subject to rent schedule of War or Navy Department.* The provisions of this section shall not apply to housing accommodations rented to either Army or Navy personnel, including any civilian employees of the War and Navy Departments, for which the rent is fixed by the national rent schedule of the War or Navy Department.

(3) *Housing in Cincinnati Defense-Rental Area.* The provisions of this section shall not apply to housing accommodations in the Cincinnati Defense-Rental Area so long as the maximum rent for such accommodations is established solely under paragraph (a) or (b) of section 4: *Provided, however,* That no payment of rent need be made by any tenant of such accommodations unless

the landlord tenders a receipt for the amount to be paid.

SEC. 8 *Inspection.* Any person who rents or offers for rent or acts as a broker or agent for the rental of housing accommodations and any tenant shall permit such inspection of the accommodations by the Administrator as he may, from time to time, require.

SEC. 9 *Evasion.* The maximum rents and other requirements provided in this regulation shall not be evaded, either directly or indirectly, in connection with the renting or leasing or the transfer of a lease of housing accommodations, by way of absolute or conditional sale, sale with purchase money or other form of mortgage, or sale with option to repurchase, or by modification of the practices relating to payment of commissions or other charges or by modification of the services furnished with housing accommodations, or otherwise.

SEC. 10 *Enforcement.* Persons violating any provision of this regulation are subject to criminal penalties, civil enforcement actions and suits for treble damages as provided for by the Act.

SEC. 11 *Procedure.* All registration statements, reports and notices provided for by this regulation shall be filed with the area rent office. All landlord's petitions and tenant's applications shall be filed with such office in accordance with Revised Procedural Regulation No. 3 (§§ 1300.201 to 1300.253, inclusive).

SEC. 12 *Petitions for amendment.* Persons seeking any amendment of general applicability to any provision of this regulation may file petitions therefor in accordance with Revised Procedural Regulation No. 3 (§§ 1300.201 to 1300.253, inclusive).

#### SECTION 1 *Scope of this regulation—*

##### (a) *Rooms in hotels and rooming houses*

<sup>1</sup> 8 F.R. 7334, 9019, 9021, 10618, 10739, 11161, 12025, 12795.

*and Defense-Rental Areas to which this regulation applies.* This regulation applies to all rooms in hotels and rooming houses within each of the defense-rental areas and each of the portions of a defense-rental area (each of which is referred to hereinafter in this regulation as the "Defense-Rental Area"), which are listed in Schedule A of this regulation, except as provided in paragraph (b) of this section.

In Schedule A, "the maximum rent date" and "the effective date of regulation" is given for each Defense-Rental Area listed. More than one effective date is given for different portions of a Defense-Rental Area where the same effective date is not applicable to the entire Defense-Rental Area. Wherever the words "the maximum rent date" or the words "the effective date of regulation" are referred to in this regulation, the dates given in Schedule A for the particular Defense-Rental Area or portion of the Defense-Rental Area in which the room is located shall apply. The effective date listed in Schedule A in each instance is the date rent regulation was effective in the particular Defense-Rental Area or portion of the Defense-Rental Area for rooms in hotels and rooming houses.

(b) *Housing to which this regulation does not apply.* This regulation does not apply to the following:

(1) *Farming tenants.* Rooms situated on a farm and occupied by a tenant who is engaged for a substantial portion of his time in farming operations thereon.

(2) *Service employees.* Rooms occupied by domestic servants, caretakers, managers, or other employees to whom the rooms are provided as part of their compensation and who are employed for the purpose of rendering services in connection with the premises of which the rooms are a part.

(3) *Charitable or educational institutions.* Rooms in hospitals, or rooms of charitable or educational institutions used in carrying out their charitable or educational purposes.

(4) *Entire structures used as hotels or rooming houses.* Entire structures or premises used as hotels or rooming houses, as distinguished from the rooms within such hotels or rooming houses.

(5) *Resort rooms.* Rooms located in a resort community and customarily rented or occupied on a seasonal basis, which were not rented during any portion of the period beginning on November 1, 1942 and ending on March 31, 1943.

The exemption provided in this paragraph (b) (5) shall be effective only from June 1, 1943 to September 30, 1943, inclusive.

(c) *Effect of this regulation on leases and other rental agreements.* The provisions of any lease or other rental agreement shall remain in force pursuant to the terms thereof, except insofar as those provisions are inconsistent with this regulation.

(d) *Waiver of benefit void.* An agreement by the tenant to waive the benefit of any provision of this regulation is void. A tenant shall not be entitled by reason of this regulation to refuse to pay or to recover any portion of any rents due or paid for use or occupancy prior to the effective date of regulation.

(e) *Election by landlord to bring housing under this regulation.* Where a building or establishment which does not come within the definitions of a hotel or rooming house contains one or more furnished rooms or other furnished housing accommodations rented on a daily, weekly, or monthly basis, the landlord may, with the consent of the Administrator, elect to bring all housing accommodations within such building or establishment under the control of this regulation. A landlord who so elects shall file a registration statement under this regulation for all such housing accommodations, accompanied by a written request to the Administrator to consent to such election.

If the Administrator finds that the provisions of this regulation establishing maximum rents are better adapted to the rental practices for such building or establishment than the provisions of the Rent Regulation for Housing, he shall consent to the landlord's election. Upon such consent, all housing accommodations within such building or establishment which are or hereafter may be rented or offered for rent shall become subject to the provisions of this regulation, and shall be considered rooms within a rooming house for the purposes of the provisions relating to eviction.

The landlord may at any time, with the consent of the Administrator, revoke his election, and thereby bring under the control of the Rent Regulation for Housing all housing accommodations previously brought under this regulation by such election. He shall make such revocation by filing a registration statement or statements under the Rent Regulation for Housing, including in such registration statement or statements all housing accommodations brought under this regulation by such election. Such registration statement or statements shall be accompanied by a written request to the Administrator to consent to such revocation. The Administrator may defer action on such request if he has taken or is about to take action to decrease the maximum rents of any housing accommodations within such building or establishment. If the Administrator finds that

the revocation so requested will not result in substantial increases in the maximum rents of housing accommodations affected by such revocation, he shall give such consent. Upon such consent, all housing accommodations affected by such revocation shall become subject to the provisions of the Rent Regulation for Housing.

**SEC. 2 Prohibition—(a) Prohibition against higher than maximum rents.** Regardless of any contract, agreement, lease or other obligation heretofore or hereafter entered into, no person shall demand or receive any rent for use or occupancy on and after the effective date of regulation of any room in a hotel or rooming house within the Defense-Rental Area higher than the maximum rents provided by this regulation; and no person shall offer, solicit, attempt, or agree to do any of the foregoing. Lower rents than those provided by this regulation may be demanded or received.

**(b) Terms of occupancy—(1) Tenant not required to change term of occupancy.** No tenant shall be required to change his term of occupancy.

**(2) Term of occupancy during June 1942.** Where, during June 1942, a room was rented or offered for rent for a weekly or monthly term of occupancy, the landlord shall continue to offer the room for rent for that term of occupancy except that he is not required to rent for that term more than the greatest number of rooms which were rented for the term at any one time during June 1942. However, if, during the year ending on June 30, 1942, a landlord had regular and definite seasonal practices with reference to the renting of rooms on a weekly or monthly basis, he may request the Administrator to approve such practices. When approval is given the landlord shall offer rooms for rent for weekly and monthly terms of occupancy pursuant to the practices so approved. The Administrator may withdraw approval at any time if he finds that the landlord has failed to conform to such practices, or if he finds that the effects of the approval are inconsistent with the Act or this regulation or are likely to result in the circumvention or evasion thereof.

**(3) Request by tenant to change term of occupancy.** Any tenant on a daily or weekly term of occupancy shall on request be permitted by the landlord to change to a weekly or monthly term unless the landlord is then renting for such term a number of rooms equal to the number which he is required to rent for that term under subparagraph (2). If the room occupied by such tenant was not rented or offered for rent for such term during June 1942, the landlord may transfer the tenant to a room, as similar as possible, which was so rented or offered for rent.

**(4) Monthly term of occupancy in tourist camps, etc.** Where, since October 1, 1942, a room, cabin, or similar accommodations in a tourist camp, cabin

camp, auto court or similar establishment has been or is hereafter rented to the same tenant for a continuous period of 60 days or longer on a daily or weekly basis, the landlord shall offer such room, cabin or other accommodations for rent for a monthly term of occupancy, regardless of the provisions of subparagraph (2) of this paragraph. The room, cabin or other accommodations shall be offered for rent on a monthly basis for each number of occupants for which it is offered by the landlord for any other term of occupancy. Any tenant of such room, cabin or other accommodations on a daily or weekly basis shall on request be permitted by the landlord to change to a monthly term of occupancy.

Notwithstanding the provisions of section 4 (c) of this regulation, if no maximum rent is established for such room, cabin or other accommodations for a monthly term of occupancy or for a particular number of occupants for such term, the Administrator on his own initiative may enter an order fixing the maximum rent for that term and number of occupants and specifying the minimum services. This maximum rent shall be fixed on the basis of the rent generally prevailing in the Defense-Rental Area for comparable housing accommodations on the maximum rent date.

**SEC. 3 Minimum services, furniture, furnishings, and equipment.** Except as set forth in section 5 (b), every landlord shall, as a minimum, provide with a room the same essential services, furniture, furnishings and equipment as those provided on the date or during the thirty-day period determining the maximum rent, and as to other services, furniture, furnishings, and equipment not substantially less than those provided on such date or during such period: *Provided, however,* That where fuel oil is used to supply heat or hot water for a room, and the landlord provided heat or hot water on the date or during the thirty-day period determining the maximum rent, the heat and hot water which the landlord is required to supply shall not be in excess of the amount which he can supply under any statute, regulation or order of the United States or any agency thereof which ratifies or limits the use of fuel oil.

**SEC. 4 Maximum rents.** This section establishes separate maximum rents for different terms of occupancy (daily, weekly or monthly) and numbers of occupants of a particular room. Maximum rents for rooms in a hotel or rooming house (unless and until changed by the Administrator as provided in section 5) shall be:

**(a) Rented or regularly offered during maximum rent period.** For a room rented or regularly offered for rent during the thirty days ending on the maximum rent date, the highest rent for each term or number of occupants for which the room was rented during that thirty-day period, or, if the room was not rented

or was not rented for a particular term or number of occupants during that period, the rent for each term or number of occupants for which it was regularly offered during such period.

**(b) First rented or regularly offered after maximum rent period.** For a room neither rented nor regularly offered for rent during the thirty days ending on the maximum rent date, the highest rent for each term or number of occupants for which the room was rented during the thirty days commencing when it was first offered for rent after the maximum rent date; or, if the room was not rented or was not rented for a particular term or number of occupants during that period, the rent for each term or number of occupants for which it was regularly offered during such period.

**(c) First rent after maximum rent date where no maximum rent established under (a) or (b).** For a room rented for a particular term or number of occupants for which no maximum rent is established under paragraphs (a) or (b) of this section the first rent for the room after the maximum rent date for that term and number of occupants, but not more than the maximum rent for similar rooms for the same term and number of occupants in the same hotel or rooming house.

**(d) Rooms constructed and owned by the government.** For a room constructed by the United States or any agency thereof, or by a State of the United States or any of its political subdivisions, or any agency of the State or any of its political subdivisions, and owned by any of the foregoing, the rent generally prevailing in the Defense-Rental Area for comparable housing accommodations on the maximum rent date, as determined by the owner of such room: *Provided, however,* That any corporation formed under the laws of a State shall not be considered an agency of the United States within the meaning of this paragraph. The Administrator may order a decrease in the maximum rent as provided in section 5 (c) (1).

**(e) Meals with room.** For a room with which meals were provided during the thirty-day period determining the maximum rent without separate charge therefor, the rent apportioned by the landlord from the total charge for the room and meals. The landlord's apportionment shall be fair and reasonable and shall be reported in the registration statement for such room. The Administrator at any time on his own initiative or on application of the tenant may by order decrease the maximum rent established by such apportionment, if he finds that the apportionment was unfair or unreasonable.

Every landlord who provides meals with accommodations shall make separate charges for the two. No landlord shall require the taking of meals as a condition of renting any room unless the room was rented or offered for rent on that basis on June 15, 1942.

**(f) Rooms subject to rent schedule of War or Navy Department.** For a room

rented to either Army or Navy personnel, including civilian employees of the War and Navy Departments, for which the rent is fixed by the national rent schedule of the War or Navy Department, the rents established by such rent schedule.

[Paragraph (f) as amended by Amendment 5, 8 F.R. 12795, effective 9-20-43]

**Sec. 5 Adjustments and other determinations.** In the circumstances enumerated in this section, the Administrator may issue an order changing the maximum rents otherwise allowable or the minimum services required. Except in cases under paragraphs (a) (7) and (c) (4) of this section, every adjustment of a maximum rent shall be on the basis of the rent which the Administrator finds was generally prevailing in the Defense-Rental Area for comparable housing accommodations on the maximum rent date: *Provided, however,* That no maximum rent shall be increased because of a major capital improvement or an increase in services, furniture, furnishings or equipment, by more than the amount which the Administrator finds would have been on the maximum rent date the difference in the rental value of the accommodations by reason of such improvement or increase: *And provided, further,* That no adjustment shall be ordered because of a major capital improvement, an increase or decrease in services, furniture, furnishings, or equipment, or a deterioration, where it appears that the rent during the thirty-day period determining the maximum rent was fixed in contemplation of and so as to reflect such change. In cases involving construction due consideration shall be given to increased costs of construction, if any, since the maximum rent date. In cases under paragraphs (a) (7) and (c) (4) of this section the adjustment shall be on the basis of the rents which the Administrator finds were generally prevailing in the Defense-Rental Area for comparable housing accommodations during the year ending on the maximum rent date.

(a) *Grounds for increase of maximum rents.* Any landlord may file a petition for adjustment to increase the maximum rent otherwise allowable, only on the ground that:

(1) *Major capital improvement since maximum rent period.* There has been, since the thirty-day period or the order determining the maximum rent for the room, a substantial change in the room by a major capital improvement as distinguished from ordinary repair, replacement and maintenance.

(2) *Major capital improvement prior to maximum rent date.* There was, on or prior to the maximum rent date, a substantial change in the room by a major capital improvement as distinguished from ordinary repair, replacement and maintenance, and the rent during the thirty-day period ending on the maximum rent date, was fixed by a lease or other rental agreement which was in force at the time of such change.

(3) *Substantial increase in services, furniture, furnishings or equipment.*

There has been a substantial increase in the services, furniture, furnishings or equipment provided with the room since the thirty-day period or the order determining its maximum rent.

(4) *Special relationship between landlord and tenant.* The rent during the thirty-day period determining the maximum rent was materially affected by the blood, personal or other special relationship between the landlord and the tenant, or by an allowance or discount to a tenant of a class of persons to whom the landlord regularly offered such an allowance or discount, and as a result was substantially lower than the rent generally prevailing in the Defense-Rental Area for comparable housing accommodations on the maximum rent date.

(5) *Lease for term commencing one year or more before maximum rent date.* There was in force on the maximum rent date a written lease, for a term commencing on or prior to the date one year before the maximum rent date, requiring a rent substantially lower than the rent generally prevailing in the Defense-Rental Area for comparable housing accommodations on the maximum rent date.

(6) *Varying rents.* The rent during the thirty-day period determining the maximum rent was established by a lease or other rental agreement which provided for a substantially higher rent at other periods during the term of such lease or agreement.

(7) *Seasonal demand.* The rent during the thirty-day period determining the maximum rent for the room was substantially lower than at other times of year by reason of seasonal demand for such room. In such cases the Administrator's order may if he deems it advisable provide for different maximum rents for different periods of the calendar year.

(b) *Decreases in minimum services, furniture, furnishings and equipment—*

(1) *Decreases existing on effective date.* If, on the effective date of this regulation, the services provided for a room are less than the minimum services required by section 3, the landlord shall either restore and maintain such minimum services, or, within 30 days (or, within 60 days for rooms within the Los Angeles Defense-Rental Area), after such effective date, file a petition requesting approval of the decreased services. If, on such effective date (or, on December 1, 1942 where the effective date of regulation is prior to that date), the furniture, furnishings or equipment provided with a room are less than the minimum required by section 3, the landlord shall, within 30 days after such date, file a written report showing the decrease in furniture, furnishings or equipment.

(2) *Decreases after effective date.* Except as above provided, the landlord shall, until the room becomes vacant, maintain the minimum services, furniture, furnishings and equipment unless and until he has filed a petition to decrease the services, furniture, furnishings or equipment and an order permit-

ting a decrease has been entered thereon; however, if it is impossible to provide the minimum services, furniture, furnishings or equipment he shall file a petition within 10 days after the change occurs. When the room becomes vacant the landlord may, on renting to a new tenant, decrease the services, furniture, furnishings or equipment below the minimum; within 10 days after so renting the landlord shall file a written report showing such decrease.

(3) *Adjustment in maximum rent for decreases.* The order on any petition under this paragraph may require an appropriate adjustment in the maximum rent; and any maximum rent for which a report is required by this paragraph may be decreased in accordance with the provisions of section 5 (c) (3). If the landlord fails to file the petition or report required by this paragraph within the time specified, or decreases the services, furniture, furnishings or equipment without an order authorizing such decrease where such order is required, the rent received by the landlord for any rental period commencing on or after such decrease or the effective date of regulation (or December 1, 1942 where the effective date of regulation is prior to that date), whichever is the later, shall be received subject to refund to the tenant of any amount in excess of the maximum rent which may later be fixed by any order decreasing the maximum rent on account of such decrease in services, furniture, furnishings, or equipment. In such case, any order decreasing the maximum rent shall be effective to decrease such rent from the beginning of the first rental period after the decrease in services, furniture, furnishings or equipment or after the effective date of regulation (or after December 1, 1942 where the effective date of regulation is prior to that date), whichever is the later. The foregoing provisions and any refund thereunder do not affect any civil or criminal liability provided by the Act for failure to comply with any requirement of this paragraph.

(c) *Grounds for decrease of maximum rent.* The Administrator at any time, on his own initiative or on application of the tenant, may order a decrease of the maximum rent otherwise allowable, only on the grounds that:

(1) *Rent higher than rent generally prevailing.* The maximum rent for the room is higher than the rent generally prevailing in the Defense-Rental Area for comparable housing accommodations on the maximum rent date.

(2) *Substantial deterioration.* There has been a substantial deterioration of the room other than ordinary wear and tear since the date or order determining its maximum rent.

(3) *Decrease in services, furniture, furnishings or equipment.* There has been a decrease in the minimum services, furniture, furnishings or equipment required by section 3 since the date or order determining the maximum rent.

(4) *Seasonal demand.* The rent on the date determining the maximum rent for the room was substantially higher

than at other times of year by reason of seasonal demand for such room. In such cases the Administrator's order may if he deems it advisable provide for different maximum rents for different periods of the calendar year.

(d) *Orders when facts are in dispute, in doubt, or not known.* If the rent on the date determining the maximum rent, or any other fact necessary to the determination of the maximum rent, is in dispute between the landlord and the tenant, or is in doubt, or is not known, the Administrator on petition of the landlord filed within 30 days after the effective date of regulation, or at any time on his own initiative, may enter an order fixing the maximum rent by determining such fact; or if the Administrator is unable to ascertain such fact he shall enter the order on the basis of the rent which he finds was generally prevailing in the Defense-Rental Area for comparable housing accommodations on the maximum rent date.

**SEC. 6 Removal of tenant—**(a) *Restrictions on removal of tenant.* So long as the tenant continues to pay the rent to which the landlord is entitled, no tenant of a room within a hotel or rooming house shall be removed from such room, by action to evict or to recover possession, by exclusion from possession, or otherwise, nor shall any person attempt such removal or exclusion from possession, notwithstanding that such tenant has no lease or that his lease or other rental agreement has expired or otherwise terminated unless:

(1) *Tenant's refusal to renew lease.* The tenant, who had a written lease or other written rental agreement, has refused upon demand of the landlord to execute a written extension or renewal thereof for a further term of like duration but not in excess of one year but otherwise on the same terms and conditions as the previous lease or agreement except insofar as such terms and conditions are inconsistent with this regulation; or

(2) *Tenant's refusal of access.* The tenant has unreasonably refused the landlord access to the room for the purpose of inspection or of showing the room to a prospective purchaser, mortgagee or prospective mortgagee, or other person having a legitimate interest therein: *Provided, however,* That such refusal shall not be ground for removal or eviction if such inspection or showing of the room is contrary to the provisions of the tenant's lease or other rental agreement; or

(3) *Violating obligation of tenancy or committing nuisance.* The tenant (i) has violated a substantial obligation of his tenancy, other than an obligation to pay rent, and has continued, or failed to cure such violation after written notice by the landlord that the violation cease or (ii) is committing or permitting a nuisance or is using or permitting a use of the room for an immoral or illegal purpose; or

(4) *Demolition or alteration by landlord.* The landlord seeks in good faith

to recover possession for the immediate purpose of demolishing the room or of substantially altering or remodeling it in a manner which cannot practicably be done with the tenant in occupancy and the plans for such alteration or remodeling have been approved by the proper authorities, if such approval is required by local law; or

(5) *Room not offered for rent.* The landlord seeks in good faith not to offer the room for rent. If a tenant has been removed or evicted from a room under this paragraph (a) (5), the landlord shall file a written report on a form provided therefor before renting the room during a period of 6 months after such removal or eviction.

(b) *Administrator's certificate.* No tenant shall be removed or evicted on grounds other than those stated above unless, on petition of the landlord, the Administrator certifies that the landlord may pursue his remedies in accordance with the requirements of the local law. The Administrator shall so certify if the landlord establishes that removals or evictions of the character proposed are not inconsistent with the purposes of the Act or this regulation and would not be likely to result in the circumvention or evasion thereof.

(c) *Notice to Area Rent Office.* At the time of commencing any action to remove or evict a tenant (except an action based on non-payment of a rent not in excess of the maximum rent) the landlord shall give written notice thereof to the Area Rent Office stating the title and number of the case, the court in which it is filed, the name and address of the tenant and the grounds on which eviction is sought.

(d) *Exceptions from section 6.* The provisions of this section do not apply to:

(1) *Subtenants.* A subtenant or other person who occupied under a rental agreement with the tenant where removal or eviction of the subtenant or other such occupant is sought by the landlord of the tenant, unless under the local law there is a tenancy relationship between the landlord and the subtenant or other such occupant.

(2) *Daily or weekly tenants in hotel and daily tenants in rooming house.* A tenant occupying a room within a hotel on a daily or weekly basis; or a tenant occupying on a daily basis a room within a rooming house which has heretofore usually been rented on a daily basis: *Provided,* That the provisions of this section do apply to a tenant on a daily or weekly basis who has requested a weekly or monthly term of occupancy pursuant to section 2 (b) (3) or (4).

(3) *Rooms subject to rent schedule of War or Navy Department.* Rooms rented to either Army or Navy personnel, including civilian employees of the War and Navy Departments, for which the rent is fixed by the national rent schedule of the War or Navy Department.

(4) *One or two occupants.* An occupant of a furnished room or rooms not constituting an apartment, located within the residence occupied by the

landlord or his immediate family, where such landlord rents to not more than two occupants within such residence.

(5) *Renting to family in landlord's residence.* A family which on or after August 1, 1943 moves into a furnished room or rooms not constituting an apartment, located within the residence occupied by the landlord or his immediate family, where such landlord does not rent to any person within such residence other than those in the one family.

[Subparagraph (5) added by Amendment 2, 8 F.R. 10618, effective 8-1-43]

(e) *Local law.* No provision of this section shall be construed to authorize the removal of a tenant unless such removal is authorized under the local law.

**SEC. 7 Registration and records—**(a) *Registration statement.* On or before the date specified in Schedule A of this regulation every landlord of a room rented or offered for rent shall file a written statement on the form provided therefor, containing such information as the Administrator shall require, to be known as a registration statement. Any maximum rent established after the effective date of regulation under paragraphs (b) or (c) of section 4 shall be reported either on the first registration statement or on a statement filed within 5 days after such rent is established.

(b) *Posting maximum rents.* Within 45 days after the effective date of regulation (or, on or before May 31, 1943 as to rooms within the Cincinnati Defense-Rental Area), every landlord shall post and thereafter keep posted conspicuously in each room rented or offered for rent a card or sign plainly stating the maximum rent or rents for all terms of occupancy and for all numbers of occupants for which the room is rented or offered for rent. Where the taking of meals by the tenant or prospective tenant is a condition of renting such room, the card or sign shall so state. Should the maximum rent or rents for the room be changed by order of the Administrator the landlord shall alter the card or sign so that it states the changed rent or rents.

The foregoing provisions of this paragraph shall not apply to rooms under section 4 (d). The owner of such rooms shall post a copy of the registration statement in a place where it will be available for inspection by the tenants of such rooms.

(c) *Receipt for amount paid.* No payment of rent need be made unless the landlord tenders a receipt for the amount to be paid.

(d) *Rooms subject to rent schedule of War or Navy Department.* The provisions of this section shall not apply to rooms rented to either Army or Navy personnel, including civilian employees of the War and Navy Departments for which the rent is fixed by the national rent schedule of the War or Navy Department.

(e) *Records—*(1) *Existing records.* Every landlord of a room rented or offered for rent shall preserve, and make available for examination by the Ad-

ministrator, all his existing records showing or relating to (i) the rent for each term and number of occupants for which such room was rented or regularly offered for rent during the thirty-day period determining the maximum rent for such room, (ii) the rent on any date determining a maximum rent for such room for a particular term and number of occupants under section 4 (c), and (iii) rooms rented and offered for rent on a weekly and monthly basis during June, 1942.

(2) *Record keeping.* On and after the effective date of regulation (or on and after October 19, 1942 where the effective date of regulation is prior to that date), every landlord of an establishment containing more than 20 rooms rented or offered for rent shall keep, preserve, and make available for examination by the Administrator, records showing the rents received for each room, the particular term and number of occupants for which such rents were charged, and the name and permanent address of each occupant; every other landlord shall keep, preserve, and make available for examination by the Administrator, records of the same kind as he has customarily kept relating to the rents received for rooms.

Sec. 8 *Inspection.* Any person who rents or offers for rent or acts as a broker or agent for the rental of a room and any tenant shall permit such inspection of the room by the Administrator as he may from time to time require.

Sec. 9 *Evasion.* The maximum rents and other requirements provided in this regulation shall not be evaded, either directly or indirectly in connection with the renting or leasing or the transfer of a lease of a room, by requiring the tenant to pay or obligate himself for membership or other fees, or by modification of the practices relating to payment of commissions or other charges, or by modification of the services furnished with the room, or otherwise.

Sec. 10 *Enforcement.* Persons violating any provisions of this regulation are subject to criminal penalties, civil enforcement actions, and suits for treble damages as provided for by the Act.

Sec. 11 *Procedure.* All registration statements, reports and notices provided for by this regulation shall be filed with the Area Rent Office. All landlord's petitions and tenant's applications shall be filed with such office in accordance with Revised Procedural Regulation No. 3 (§§ 1300.201 to 1300.253, inclusive).

Sec. 12 *Petitions for amendment.* Persons seeking any amendment of general applicability to any provision of this regulation may file petitions therefor in accordance with Revised Procedural Regulation No. 3 (§§ 1300.201 to 1300.253, inclusive).

Section 11.3 is added to read as follows:

SEC. 11.3 *Moving establishment to another place.* (a) A person may move his retail, wholesale or processor establishment to another place after notifying the board at which the establishment is registered, or the Washington Office if it is registered there, of his new address.

(b) If a person wishes to move his industrial user establishment to another place, he must treat his moving as the closing of one establishment and the opening of a new establishment unless he applies for and is granted permission to continue his operations at the new place. The application must be made on OPA Form B-315, to the board at which the establishment is registered, and must, in addition to showing the new address, give explanations indicating whether:

(1) The entire establishment, including substantially all the equipment and the inventory of processed foods will be moved to the new place;

(2) He will continue to serve, from the new place, the same general class of customers and the same area he serves from his present place;

(3) He will continue to produce, at the new place, the same product or products which he produces at his present place. The Board shall send the application, with its recommendation, if any, to the district office (or, where there is none, to the State office). If the district (or State) office finds that the establishment will continue to be operated in substantially the same manner as at its present place, and that the tests described above are satisfied, it shall grant the application.

This amendment shall become effective November 1, 1943.

NOTE: All reporting and record-keeping requirements of this amendment have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

(h) *Filing requirements.* Dealers whose prices are established by this order shall not be required to file prices with their local war price and rationing board as previously required in § 1340.262 (c). However, prices for coals not specifically covered by this order shall be filed as required by that section.

(i) *What you must not do.* Regardless of any contract or other obligation which you may have heretofore entered into you shall not:

(1) Sell, or in the course of trade or business, buy solid fuels of the kinds and sizes covered by this order at prices higher than the maximum prices set forth herein; but you may sell or buy such coal at lower prices than such maximum prices.

(2) Obtain any prices higher than the applicable maximum prices by:

(i) Changing or withdrawing your customary discounts, differentials or allowances;

(ii) Charging for any service which is not expressly requested by the buyer; or

(iii) Charging for any service for which a charge is not specifically authorized by this order; or

(iv) Charging a price for any service higher than the price authorized by this order for such service; or

(v) Increasing your delivery charges, if any, for delivery outside the areas for which the maximum prices are herein set forth or increasing any interest rate on delinquent and past-due accounts over the rate or charge made by you in December 1941; or

(vi) Using any tying agreement whereby the buyer is required or persuaded to purchase anything other than the fuel requested by him; or

(vii) Using any other device by which a price higher than your maximum price is obtained either directly or indirectly.

(j) *An increase in your supplier's prices does not authorize you to increase your prices.* You must not increase the specific maximum prices established for you by this order to reflect in whole or in part any subsequent increase to you in your supplier's maximum prices for the fuel covered by this order. These specific maximum prices established for you by this order reflect all of the increases in the maximum prices of your supplier to the date hereof. If increase in your supplier's maximum prices shall occur after the effective date of this order, you may bring that fact to the attention of the Regional Administrator whereupon he will take such appropriate action in the premises as the then existing facts and circumstances justify.

(k) *Adjustable pricing.* You may not make a price adjustable to a maximum price which becomes effective at some time after you have made delivery of the coal; but you may agree to sell at whatever maximum price is in effect at the time of delivery.

(l) *Petition for amendment.* If you desire an amendment of any provision of this order, you may file a petition therefor in accordance with the provisions of Revised Procedural Regulation No. 1, except that it shall be filed with the Regional Administrator and acted upon by him.

(m) *Right to revoke or amend.* This order may be revoked, modified or amended at any time by the Price Administrator or the Regional Administrator.

(n) *Definitions.* (1) "Carry" or "wheel-in" means to transport coal from the vehicle in which delivery is made or from the nearest accessible point of dumping or unloading and place the same in the buyer's bin or storage space when the physical condition of the premises is such as to prevent dumping or unloading directly into such bin or storage space.

bin by re-handling the same for the purpose of filling the bin.

(3) "Delivery" means delivery to the buyer's bin or storage space by dumping, chuting, or shovelling directly from the seller's truck or vehicle, or where such delivery to the buyer's bin or storage space is physically impossible, by discharging at the point nearest and most accessible to the buyer's bin or storage space and at which the coal can be discharged directly from the seller's truck.

(4) "Yard sales" means sales accompanied by physical transfer to the buyer's truck or vehicle at the seller's coal yard or stock pile.

prices upward on a local shortage basis but without increasing the cost of living within the meaning of Executive Order No. 9328 for the reason that if the local supply of fluid milk is not maintained and must therefore be replaced with milk brought from some distant source of supply, if any such can be found, and if none can be found must be substituted with some other food commodity, if such substitute can be found, the increase in the cost of living will be much greater than that reflected in the upward price adjustments made by this revised order.

(g) *Notice to accompany first sale at higher price.* Any person making a first sale of milk to any consumer at a higher maximum price than that established by this order shall at the time of delivery furnish the buyer with either a printed or written slip containing the following information:

By Revised Order No. G-8 issued by the Regional Administrator of the Office of Price Administration and effective August 16, 1943, the price of milk in District No. — of the State of Wyoming has been fixed at (here state each container size sold and the maximum wholesale and retail price for the same.)

**ALFALFA MEAL IN DESIGNATED AREAS**

Order No. G-45 under § 1499.18 (c) of the General Maximum Price Regulation. Adjusted maximum prices for alfalfa meal in certain areas of Region VII.

Pursuant to the Emergency Price Control Act of 1942, as amended, and § 1499.18 (c) of the General Maximum Price Regulation and for the reasons set forth in an opinion issued simultaneously herewith, it is hereby ordered:

(a) *What this order does.* This order establishes maximum prices for alfalfa meal and dehydrated alfalfa meal when sold by a processor, a wholesaler or a retailer in the applicable area of Region VII.

(b) *Geographical applicability.* This order applies to that part of Region VII contained within the States of New Mexico and Utah, and all that part of the State of Idaho lying south of the northern boundary of Idaho County, and the counties of Malheur and Harney in the State of Oregon, and the counties of Mohave and Coconino in the State of Arizona.

(c) *How a processor determines his maximum price.* (1) If you are a processor as defined in this order your maximum price for No. 1-14% protein-30% fiber alfalfa meal f. o. b. your mill

shall be determined by you each week after Friday noon and prior to the opening of business on the following Monday for the week beginning with such following Monday. You will make this determination by taking your total cost at the prices actually paid by you, but never to exceed the maximum price fixed by any applicable price regulation, for all alfalfa hay delivered at your mill during the preceding seven-day period ending with twelve o'clock noon on Friday, and divide such total cost by the number of tons of hay so purchased and received at your mill. The quotient thus obtained shall be your "net base cost" per ton, to which you may make the following additions:

(i) A conversion charge of \$8.25 to cover your compensation for processing the alfalfa hay into alfalfa meal and selling the same f. o. b. your mill.

(ii) The cost of bags furnished by you, if any, but never to exceed the maximum price fixed by any applicable price regulation for such bags. The sum thus obtained will be your maximum f. o. b. mill price per ton during the specified weekly period. And if you do not purchase and receive at your mill any alfalfa hay during the week following such computation of your maximum price, such maximum price shall continue to be your f. o. b. mill maximum price until you do again purchase and receive alfalfa hay at your mill.

(d) *How a processor determines his maximum price f. o. b. mill for different kinds and grades of alfalfa meal other than No. 1-14% protein-30% fiber alfalfa meal.* (1) If you are a processor you will determine your maximum f. o. b. mill price for No. 1-15% protein-28% fiber fine ground alfalfa meal by adding to your maximum f. o. b. price for No. 1-14% protein-30% fiber alfalfa meal the sum of \$2.00 per ton, or the price differential between these two grades of alfalfa meal maintained by you in March 1942, whichever is the lesser.

(2) If you are a processor you will determine your maximum f. o. b. mill price for No. 1-20% protein-18% fiber alfalfa meal by adding to your maximum f. o. b. price per ton for No. 1-14% protein-30% fiber alfalfa meal the sum of \$10.00 per ton.

(3) If you are a processor you will determine your maximum f. o. b. mill price per ton for No. 1-9% to 10% protein-40% fiber alfalfa meal by subtracting from your maximum f. o. b. mill price per ton for No. 1-14% protein-30% fiber alfalfa meal the sum of \$10.00 per ton.

(4) If you are a processor you will determine your maximum f. o. b. mill price per ton for No. 1 fine ground alfalfa meal having a protein content above 15% and below 20% by subtracting from your maximum f. o. b. mill price per ton for No. 1-20% protein-18% fiber alfalfa meal the sum of \$2.00 for each 1% of protein content below 20%.

(5) If you are a processor you will determine your maximum f. o. b. mill price per ton for No. 1 alfalfa meal having a protein content above 10% and below 14% by subtracting from your maximum

f. o. b. mill price per ton for No. 1-14% protein-30% fiber alfalfa meal the sum of \$2.00 per ton for each 1% of protein content below 14%.

(6) If you are a processor you will determine your maximum price per ton f. o. b. mill for all other kinds and grades of alfalfa meal processed and sold by you by adding to or subtracting from your maximum f. o. b. mill price per ton for No. 1-14% protein-30% fiber alfalfa meal, the same price differential maintained by you in March 1942.

(e) *How a processor determines his maximum price for dehydrated alfalfa meal.* (1) If you are a processor you will determine your maximum f. o. b. mill price per ton for No. 1-17% protein-24% to 28% fiber dehydrated alfalfa meal by determining your "net base cost" for alfalfa hay in the manner specified in paragraph (c) (1) of this order, and to such "net base cost" you will make the following additions:

(i) A conversion charge of \$19.00 per ton to cover your compensation for processing and selling f. o. b. your mill such dehydrated alfalfa meal.

(ii) The cost of bags furnished by you, if any, but never to exceed the maximum price established by any applicable price regulation for such bags.

(iii) The sum thus obtained will be your maximum f. o. b. mill price per ton during the specified weekly period for such dehydrated alfalfa meal: *Provided*, That in no event shall your maximum f. o. b. mill price per ton ever be in excess of \$43.00. And if you do not purchase and receive at your mill any alfalfa meal during the week following such computation of your maximum f. o. b. mill price per ton, such maximum price shall continue to be your maximum f. o. b. mill price per ton for dehydrated alfalfa meal until you do again purchase and receive alfalfa hay at your mill for processing into dehydrated alfalfa meal.

(f) *How a processor determines his maximum prices for different kinds and grades of dehydrated alfalfa meal other than No. 1-17% protein-24% to 28% fiber dehydrated alfalfa meal.* (1) If you are a processor you will determine your maximum f. o. b. mill price per ton for No. 1-20% protein-18% fiber dehydrated alfalfa meal by adding to your maximum f. o. b. mill price per ton for No. 1-17% protein-24% to 28% fiber dehydrated alfalfa meal the sum of \$3.50, or the price differential between these two grades of dehydrated alfalfa meal maintained by you in March 1942, whichever is the lesser.

(2) If you are a processor you will determine your f. o. b. mill maximum price per ton for any other kind or grade of dehydrated alfalfa meal processed and sold by you by adding to or subtracting from your maximum f. o. b. mill price per ton for No. 1-17% protein-24% to 28% fiber dehydrated alfalfa meal the same price differential maintained by you in March 1942.

(g) *How a processor determines his maximum prices for delivered sales.* If you are a processor you will determine your maximum prices for delivered sales of any kind or grade of alfalfa meal by

adding to your maximum f. o. b. mill price for the particular kind and grade of alfalfa meal sold the actual transportation cost paid by you, not to exceed the lowest motor truck common carrier rate, and must not add anything to cover loading or local haulage costs.

(h) *How a wholesaler or retailer determines his maximum price for any kind or grade of alfalfa meal.* If you are a wholesaler or a retailer of alfalfa meal as defined in this order, you will determine your maximum prices each week by proceeding as follows: (1) After Friday noon of each week, and before making any sale on the following Monday, you will determine the amount of each particular grade and kind of alfalfa meal you had on hand at twelve o'clock noon Friday. You will next determine what each such kind and grade of alfalfa meal actually cost you per cwt. or per ton at the prices actually paid by you, but in no event to exceed the authorized maximum price of your supplier. The amount so arrived at for each particular kind and grade of alfalfa meal you had on hand shall be your "net base cost" per cwt. or per ton for such particular item.

(2) To your "net base cost" per cwt. or per ton of any particular kind or grade of alfalfa meal you shall add, except as to carload sales made by you and shipped direct from the processor's mill to your purchaser, the applicable margin set forth in the following paragraph (i), and the sum thus obtained shall be your maximum price for such particular kind and grade of alfalfa meal during the week beginning with the following Monday.

(i) *Permitted margins on wholesale and retail sales.* (1) If you make a sale of alfalfa meal at wholesale as defined in this order, your permitted margin thereon, except carload sales shipped direct from the processor's mill to your buyer, shall be \$3.50 per ton; *Provided, however,* That your maximum wholesale selling price must never exceed the processor's maximum price by more than \$3.50 per ton.

(2) If you make a sale at retail as defined in this order, your permitted margin thereon shall be 35¢ per cwt. on sales made from alfalfa meal purchased by you direct from a processor, and 25¢ per cwt. on sales made by you from alfalfa meal purchased by you from a seller other than the processor: *Provided, however,* That your maximum retail selling price shall never exceed the processor's maximum price for a delivered sale made to you by more than 45¢ per cwt.

(3) Your permitted margin on wholesale carload sales when the shipment, for which the cost of transportation is added, begins at the processor's mill, shall be \$1.00 per ton.

(j) *Definitions.* (1) "Processor" means the person who has title to the alfalfa hay and meal at the time it is milled.

(2) "Sale at wholesale" means a sale of alfalfa meal in any quantity of one ton or more made to a person who resells the same.

(3) "Sale at retail" means a sale of alfalfa meal in any quantity less than one ton to a feeder or other ultimate consumer.

(k) *Applicability of other regulations.* Except insofar as the same are inconsistent with or contradictory of the terms and provisions of this order, all of the terms and provisions of the General Maximum Price Regulation shall continue in full force and effect and be applicable to processors, wholesalers and retailers making sales of alfalfa meal under this order.

(l) *Right to revoke or amend.* This order may be revoked, modified or amended at any time by the Price Administrator or the Regional Administrator.

(m) *Effective date.* This order shall become effective as of August 16, 1943.

(3) "Producer" means any person, irrespective of whether such person is also a handler, who produces milk which is received at a plant from which milk is disposed of as Class I milk or as Class II milk in the marketing area. This definition shall include any person who produces milk which a cooperative association causes to be diverted from a plant from which milk is disposed of as Class I milk or as Class II milk in the marketing area to a plant from which no milk is disposed of as Class I or as Class II milk in the marketing area.

2. Delete § 944.1 (a) (4) and substitute therefor:

(4) "Handler" means any person, except as provided in § 944.8 (c) who, on his own behalf or on behalf of others, purchases or receives milk from producers or other handlers and who disposes of all or a portion of such milk as Class I milk or as Class II milk in the marketing area. 4. Add as § 944.1 (a) (12) the following:

(12) "Emergency milk" means milk received by a handler pursuant to § 944.8 (c) from sources other than producers or other handlers.

5. Substitute the term "War Food Administrator" for the term "Secretary" wherever appearing in the order.

6. Delete § 944.3 and substitute therefor:

§ 944.3 Classification of milk—(a) Basis of classification. All milk or cream purchased or received by a handler or caused to be delivered by a cooperative association to a plant from which no milk is disposed of in the marketing area shall be reported by the handler and shall be classified by the market administrator in the classes set forth in (b) of this section: *Provided*, That (1) any milk moving as fluid milk from any handler's plant to a plant of a nonhandler who distributes fluid milk shall be classified as Class I milk and any cream moving as fluid cream to a plant of such nonhandler shall be classified as Class II milk; (2) any milk or cream moving from a handler's plant to a plant of a nonhandler who does not distribute fluid milk or cream shall be classified as Class IV milk, subject to verification by the market administrator; and (3) any milk moving as fluid milk from any handler's plant to a plant of another handler shall be classified as Class I milk, and any cream moving as fluid cream from any handler's plant to a plant of another handler shall be classified as Class II milk: *Provided*, That if such milk or cream was utilized in a lower classification, such milk or cream shall be classified accordingly, subject to verification by the market administrator.

(b) Classes of utilization. Subject to the conditions set forth in (a) of this section, the classes of utilization of milk shall be as follows:

(1) Class I milk shall be all milk disposed of in the form of milk and milk drinks, whether plain or flavored, and all milk not accounted for as Class II milk, Class III milk, or Class IV milk, pursuant to (2), (3), and (4) of this paragraph and all unaccounted for milk in excess of 3 percent of the total receipts of butterfat from producers converted to 3.5 percent milk equivalent.

(2) Class II milk shall be all milk disposed of as cream, for consumption as cream (including any cream product in fluid form which contains 6 percent or more but less than 18 percent butterfat), creamed buttermilk, and creamed cottage cheese.

(3) Class III milk shall be all milk specifically accounted for as used to produce evaporated milk, condensed milk, ice cream mix, unsalted butter, or any milk product other than those specified in Class II milk and Class IV milk.

(4) Class IV milk shall be all milk used to produce butter and American type Cheddar cheese and all milk accounted for as actual plant shrinkage: *Provided*, That such plant shrinkage shall not ex-

ceed 3 percent of the total receipts of milk from producers.

(c) *Responsibility of handlers in establishing the classification of milk.* In establishing the classification of milk as required in (b) of this section, the burden rests upon the handler who receives milk from producers to account for the milk and to prove to the market administrator that such milk should not be classified as Class I milk.

(d) *Computation of milk in each class.* For each delivery period the market administrator shall compute, in the case of each handler, the amount of milk in each class as defined in (b) of this section as follows:

(1) Determine the total pounds of milk received from (i) producers, (ii) the handler's own farm production, (iii) other handlers, (iv) other sources, and (v) add together the resulting amounts.

(2) Determine the total pounds of butterfat received as follows: (i) Multiply the weight of the milk received from producers by its average butterfat test; (ii) multiply the weight of milk received from handler's own farm production by its average butterfat test; (iii) multiply the weight of the milk received from other handlers by its average butterfat test; (iv) multiply the weight of the milk received from other sources by its average butterfat test; and (v) add together the resulting amounts.

(3) Determine the total pounds of milk in Class I as follows: (i) Convert to pounds the total quantity of milk disposed of in the form of milk on the basis of 2.15 pounds per quart; (ii) multiply the result by the average butterfat test of such milk; and (iii) if the quantity of butterfat so computed when added to the pounds of butterfat in Class II milk, Class III milk, and Class IV milk, computed pursuant to (4) (ii), (5) (ii), (6) (iv) of this paragraph, is less than the total pounds of butterfat received, computed in accordance with (2) of this paragraph, an amount equal to the difference shall be divided by 3.5 percent and added to the quantity of milk determined pursuant to (i) of this subparagraph.

(4) Determine the total pounds of milk in Class II as follows: (i) Multiply the actual weight of each of the several products of Class II milk by its average butterfat test; (ii) add together the resulting amounts; and (iii) divide the result obtained in (ii) of this subparagraph by 3.5 percent.

(5) Determine the total pounds of milk in Class III as follows: (i) Multiply the actual weight of each of the several products in Class II by its average butterfat test; (ii) add together the resulting amounts; and (iii) divide the result obtained in (ii) of this subparagraph by 3.5 percent.

(6) Determine the total pounds of milk in Class IV as follows: Multiply the actual weight of each of the several products of Class IV milk by its average butterfat test; (ii) add together the resulting amounts; (iii) subtract the total pounds of butterfat in Class I milk, Class II milk, and Class III milk, computed pursuant to (3) (ii), (4) (ii), and (5) (ii) of this paragraph, and the total

pounds of butterfat computed pursuant to (ii) of this subparagraph, from the total pounds of butterfat computed pursuant to (2) of this paragraph, which resulting quantity shall be allowed as plant shrinkage for the purposes of this paragraph (but in no event shall such plant shrinkage allowances exceed 3 percent of the total receipts of butterfat from producers by the handler); (iv) add the result obtained in (iii) of this subparagraph (but not to exceed 3 percent of the total receipts of butterfat from producers by the handler) and the result obtained in (ii) of this subparagraph; and (v) divide the result obtained in (iv) of this subparagraph by 3.5 percent.

(7) Determine the classification of milk received from producers as follows: (i) Subtract from the total pounds of milk in each class the total pounds of milk which were received from other handlers and used in such class; (ii) subtract from the remaining pounds of milk in each class the total pounds of milk which were received from sources other than producers and handlers and used in such class; (iii) subtract pro rata from the remaining pounds of milk in each class the total pounds of milk which were received from the handler's own farm production and emergency milk; and (iv) except as set forth in (e) of this section the result shall be known as the "net pooled milk" in each class.

(e) *Reconciliation of utilization of milk by classes with receipts of milk from producers.* In the event of a difference between the total quantity of milk utilized in the various classes as computed pursuant to (d) of this section and the quantity of milk received from producers, except for excess milk or milk equivalent of butterfat pursuant to (d), such difference shall be reconciled as follows:

(1) If the total utilization of milk in the various classes for any handler, as computed pursuant to (d) of this section, is less than the receipts of milk from producers, the market administrator shall increase the total pounds of milk in Class IV for such handler by an amount equal to the difference between the receipts of milk from producers and the total utilization of milk by classes for such handler, which result shall be known as the "net pooled milk" in Class IV.

(2) If the total utilization of milk in the various classes from any handler, as computed pursuant to (d) of this section, is greater than the receipts of milk from producers, the market administrator shall decrease the total pounds of milk in Class IV for such handler by an amount equal to the difference between the total utilization of milk by classes for such handler and the receipts of milk from producers, which result shall be known as the "net pooled milk" in Class IV.

7. Delete § 944.4 and substitute therefor:

§ 944.4 *Minimum prices.* Each handler shall pay at the time and in the manner set forth in § 944.3 not less than the prices set forth in this section per

hundredweight of milk received during each delivery period at such handler's plant or caused by such handler to be delivered to a plant from which no milk is disposed of in the marketing area on the basis of milk of 3.5 percent butterfat content.

(a) *For Class I milk.* In the case of milk which complies with the Grade A milk quality requirements of the Milk Ordinance of the City of Davenport, Iowa, or of the Grade A Milk and Grade A Milk Products Law of the State of Illinois, and the minimum requirements adopted by the Director of the Illinois Department of Public Health for the interpretation and enforcement of said act, and is disposed of as Class I milk, the price shall be the price for Class III milk for such delivery period plus 90 cents per hundredweight.

(b) *For Class I milk.* In the case of milk which does not comply with the Grade A Milk quality requirements of the Milk Ordinance of the City of Davenport, Iowa, or of the Grade A Milk and Grade A Milk Products Law of the State of Illinois, and the minimum requirements adopted by the Director of the Illinois Department of Public Health for the interpretation and enforcement of said act, and is disposed of as Class I milk, the price shall be the price for Class III milk for such delivery period plus 70 cents per hundredweight.

(c) *For Class II milk.* In the case of milk which complies with the Grade A milk quality requirements of the Milk Ordinance of the City of Davenport, Iowa, or of the Grade A Milk and Grade A Milk Products Law of the State of Illinois, and the minimum requirements adopted by the Director of the Illinois Department of Public Health for the interpretation and enforcement of said act, and is disposed of as Class II milk, the price shall be the price for Class III milk for such delivery period plus 45 cents per hundredweight.

(d) *For Class II milk.* In the case of milk which does not comply with the Grade A milk quality requirements of the Milk Ordinance of the City of Davenport, Iowa, or of the Grade A Milk and Grade A Milk Products Law of the State of Illinois, and the minimum requirements adopted by the Director of the Illinois Department of Public Health for the interpretation and enforcement of said act, and is disposed of as Class II milk, the price shall be the price for Class III milk for such delivery period plus 25 cents per hundredweight.

(e) *For Class III milk.* The price shall be the result of the following computations by the market administrator: determine the average of the basic or field prices per hundredweight ascertained to have been paid for milk of 3.5 percent butterfat content received during the period beginning with the 16th day of the previous month and ending with the 15th day of the then current month at the plants listed in this subparagraph: *Provided*, That if the price so determined is less than the price computed by the market administrator in accordance with the following formula, such formula price shall be the price for

Class III milk for such delivery period: multiply by 0.4 the average weekly prevailing price per pound of "Twins" during said delivery period on the Wisconsin Cheese Exchange at Plymouth, Wisconsin (in the absence of such prices the prevailing prices of "Twins" at Chicago as reported by the United States Department of Agriculture shall be used), add the average wholesale price per pound of 92-score butter at Chicago for said delivery period as reported by the United States Department of Agriculture, and multiply such result by 3.9.

(i) 10 percent thereof when such average price of 92-score butter is less than 30 cents;

(ii) 15 percent thereof when such average price of 92-score butter is 30 cents or over, but less than 35 cents;

(iii) 20 percent thereof when such average price of 92-score butter is 35 cents or over, but less than 40 cents; and

(iv) 25 percent thereof when such average price of 92-score butter is 40 cents or over: *Provided*, That in no event shall the Class IV price be less than the price resulting from the following computation by the market administrator: multiply by 2.4 the average weekly prevailing price per pound of the cheese known as "Twins" during said delivery period on the Wisconsin Cheese Exchange, Plymouth, Wisconsin (or in the absence of such prices the prices of such "Twins" at Chicago, as reported by the United States Department of Agriculture), and multiply such result by 3.5.

§ 944.5 *Reports of handlers—(a) Periodic reports.* (1) On or before the 5th day after the end of each delivery period each handler, with respect to all milk or milk products which were, during such delivery period, (i) received from producers, (ii) received from handlers, (iii) received from such handler's own production, (iv) received from any other source, or (v) caused to be delivered to a plant from which no milk is disposed of in the marketing area, shall report to the market administrator, in the detail and on forms prescribed by him, as follows:

(a) The receipts at each plant from producers who are not handlers;

(b) The receipts at each plant from any other handler, including any handler who is also a producer.

(c) The receipts at each plant from such handler's own production;

(d) The receipts at each plant from any other source;

(e) The respective quantities of milk and milk products disposed of or on hand; and

(f) The respective butterfat content of each of the above.

(2) On or before the 5th day after the end of each delivery period, the receipts at each plant of emergency milk as follows: (i) The amount of such milk and the average butterfat content thereof, (ii) the date or dates upon which such milk was received during the delivery period, (iii) the plant from which such milk was shipped, (iv) the price paid or to be paid for such milk, (v) the utilization of such milk, and (vi) such other information with respect thereto as the market administrator may request.

(b) *Reports as to producers.* Each handler shall report to the market administrator within 10 days after the market administrator's request with respect to any producer and with respect to a period of time designated by the market administrator, (i) the name and address, (ii) the total pounds of milk received, (iii) the average butterfat test of milk received, and (iv) the number of days upon which milk was received.

(c) *Reports of payments to producers.* On or before the 20th day after the end of each delivery period each handler shall submit to the market administrator his producer pay roll for such delivery period, which shall show for each producer (i) the net amount of such producer's payment with the prices, deductions, and charges involved, and (ii) the total delivery of base milk and the total delivery of milk in excess of base milk with the average butterfat test thereof.

(e) *Verification of reports and payments.* The market administrator shall verify all reports and payments of each handler by audit of such handler's records and the records of any other handler or person upon whose disposition of milk such handler claims classification. Each handler shall keep adequate records of receipts and utilization of milk and shall, during the usual hours of business, make available to the market administrator or his representative such records and facilities as will enable the market administrator to:

(1) Verify the receipts and disposition of all milk required to be reported pursuant to this section and, in case of errors or omissions, ascertain the correct figures;

(2) Weigh, sample, and test for butterfat content the milk received from producers and any product of milk upon which classification depends; and

(3) Verify the payments to producers prescribed in § 944.8.

9. Delete § 944.6 and substitute therefor:

§ 944.6 *Application of provisions—(a) Producer-handlers.* (1) Sections 944.4, 944.7, 944.8, 944.9, and 944.10 shall not apply to the handling of milk by handlers (i) whose sole sources of supply are receipts from other handlers or (ii) who are producer-handlers pursuant to § 944.1 (a) (5), as verified by the market administrator in the manner provided in (2) of this paragraph.

(2) Handlers shall furnish to the market administrator for his verification, subject to review by the War Food Administrator, evidence of their qualifications as producer-handlers pursuant to § 944.1 (a) (5), as of the effective date of the provisions hereof, and they shall furnish evidence of subsequent changes made in the manner of producing or distributing their milk that affects their qualification as producer-handlers; such verification by the market administrator shall be made within 15 days of the date of receipt of the evidence and shall be effective retroactively to the effective date of the provisions hereof in cases verified within 45 days of such effective date and shall be effective retroactively to the first day of the delivery period during which verification is made in subsequent cases.

(b) *Milk received by a handler from another handler who is also a producer or a producer-handler.* If any handler has purchased or received milk or cream from another handler who is also a producer or a producer-handler, such milk or cream shall be considered as Class IV milk. If such receiving handler disposes of such milk or cream for other than Class IV purposes, the market administrator in computing the net pool obligation of such handler pursuant to § 944.7 (a) shall add an amount equal to the difference between (1) the value of such milk or cream in accordance with its actual utilization by such handler and (2) the value at the Class IV price.

(c) *Payment for milk received by a handler from sources determined as other than producers or other handlers.* If any handler has purchased or received milk or butterfat from sources determined as other than producers or other handlers, except as provided in § 944.8 (b), such milk or milk equivalent of such butterfat shall be considered as Class IV milk. If such receiving handler disposes of such milk or butterfat for other than Class IV purposes, the market administrator in computing the net pool obligation of such handler pursuant to § 944.7 (a) shall add an amount equal to the difference between (1) the value of such milk or milk equivalent of such butterfat in accordance with its actual utilization by such handler and (2) the value at the Class IV price.

(d) *Payment for excess milk or butterfat.* If a handler, after subtracting receipts from his own farm production, receipts from other handlers, and receipts from sources determined as other than producers or other handlers, has disposed of milk or butterfat in excess of the milk for butterfat which, on the basis of his reports, has been credited to his producers as having been delivered by them, the market administrator in computing the net pool obligation of such handler pursuant to § 944.7 (a) shall add an amount equal to the value of such milk or milk equivalent of such butterfat in accordance with its actual utilization by the handler.

10. Delete § 944.7 and substitute therefor:

§ 944.7 *Determination of uniform prices to producers.*—(a) *Net pool obligation of handlers.* Subject to the provisions of § 944.6, the net pool obligation of each handler for milk received from producers during each delivery period shall be a sum of money computed for such delivery period by the market administrator as follows: multiply the "net pooled milk" in each class, computed pursuant to § 944.3, by the class price pursuant to § 944.4, and add together the resulting values.

(b) *Computation and announcement of the uniform price.* For each delivery period the market administrator shall compute and announce the uniform price per hundredweight of milk as follows:

(1) Combine into one total the net pool obligations of all handlers, computed pursuant to (a) of this section, who made the reports pursuant to § 944.5 (a) for such delivery period and who made the payments to the market administrator pursuant to § 944.8 (a);

(2) Compute the total quantity of milk which represents the delivered bases of producers and which is included in the computations made pursuant to paragraph (a) of this section;

(3) Compute the total value of the milk which is in excess of the delivered bases of producers determined pursuant to subparagraph (2) of this paragraph and which is included in the computations pursuant to paragraph (a) of this section by multiplying such quantity of milk by the Class IV price;

(4) Compute the total value of the milk represented by the delivered bases of producers by subtracting the value obtained in subparagraph (3) of this paragraph from the value obtained in subparagraph (1) of this paragraph;

(5) Subtract from the value computed pursuant to subparagraph (4) of this paragraph an amount computed as follows: multiply by \$0.20 the total hundredweight of milk of producers who are qualified to receive payments pursuant to § 944.8 (a) (3) which was disposed of as Class I milk and Class II milk;

(6) Add to the value computed pursuant to subparagraph (5) of this paragraph an amount which will pro rate any cash balance available from previous delivery periods pursuant to subparagraph (8) of this paragraph;

(7) Divide the result obtained in subparagraph (8) of this paragraph by the quantity of milk represented by the delivered bases of producers as determined in subparagraph (2) of this paragraph;

(8) Subtract not less than 4 cents nor more than 5 cents per hundredweight of milk for the purpose of retaining in the producer-settlement fund a cash balance to provide against errors in reports and payments or delinquencies in payments by handlers, which result shall be known as the uniform price for such delivery period for base milk of producers containing 3.5 percent butterfat; and

(9) On or before the 10th day after the end of such delivery period notify all handlers and make public announcement of these computations, of the uniform price per hundredweight of base milk, of the Class I, Class II, Class III, and Class IV prices, and of the differentials computed pursuant to § 944.8 (a) (3) and (c).

11. Delete § 944.8 and substitute therefor:

§ 944.8 *Payments for milk.*—(a) *Time and method of payment.* Each handler shall make payment, subject to the butterfat differential set forth in (c) of this section, for milk purchased or received from producers by such handler during each delivery period, as follows:

(1) To producers, for milk which was caused to be delivered to such handler from such producers, by and for the account of a cooperative association, on or before the 12th day after the end of the delivery period during which such milk was purchased or received, through such cooperative association of a total amount equal to but not less than the sum of the individual payments otherwise payable to such producers pursuant to subparagraphs (2), (3), and (4) of this paragraph.

(2) To producers for milk which was not caused to be delivered to such handler from such producers by and for the account of a cooperative association, on or before the 15th day after the end of the delivery period during which such milk was purchased or received at not less than the uniform price per hundredweight for base milk computed pursuant to § 944.7 (b).

(3) In making payments pursuant to subparagraphs (1) and (2) of this paragraph for that quantity of milk which complies with the Grade A milk quality requirements of the Milk Ordinance of the City of Davenport, Iowa, or of the Grade A Milk and Grade A Milk Products Law of the State of Illinois, and the minimum requirements adopted by the Director of the Illinois Department of Public Health for the interpretation and enforcement of said act and which was utilized as Class I milk or Class II milk there shall be added to the announced uniform price per hundredweight for base milk, computed pursuant to § 944.7 (b), an amount resulting from the following computation by the market administrator: divide the amount subtracted pursuant to § 944.7 (b) (5) by the total hundredweight of base milk which was received during the delivery period from such producers.

(4) To each producer not less than the Class IV price for that quantity of milk received from such producer in excess of such producer's base.

(b) *Emergency milk.* During any delivery period when the market administrator determines that the supply of milk received by any handler from producers and handlers is not sufficient to fulfill the Class I and Class II milk requirements of such handler, such handler, after giving notice to the market administrator of his intention to purchase milk from other than such sources, may secure milk from emergency sources on terms and conditions other than those provided in this section. Emergency milk shall be reported to the market administrator by the receiving handler separately from milk received from producers and handlers in accordance with § 944.5 (a). Such milk shall be deducted from each class in the proportion that the quantity of milk disposed of by the receiving handler in each class during the delivery period bears to the total quantity of milk received by him during such delivery period. The person from whom the handler received such milk shall not be considered a handler with respect to milk disposed of in the marketing area under the circumstances described in this paragraph.

(c) *Butterfat differential.* If, during the delivery period, any handler has received from any producer milk having an average butterfat content other than 3.5 percent, such handler, in making the payments prescribed in subparagraphs (1) and (2) of paragraph (a) of this section, shall add for each one-tenth of 1 percent of average butterfat content in milk above 3.5 percent not less than, or shall deduct for each one-tenth of 1 percent of average butterfat content in milk below 3.5 percent not more than:

(1) Three cents per hundredweight when the average price per pound of 92-score butter at wholesale in the Chicago market, as reported by the United States Department of Agriculture for the delivery period during which such milk is received, is less than 30 cents;

(2) Four cents per hundredweight when such average price of 92-score butter is 30 cents or over but less than 35 cents; and

(3) Five cents per hundredweight when such average price of 92-score butter is 35 cents or over.

(d) *Producer-settlement fund.* The market administrator shall establish and maintain a separate fund, known as "the producer-settlement fund", into which he shall deposit all payments made by handlers pursuant to (e) and (g) of this section and out of which he shall make all payments to handlers pursuant to (f) and (g) of this section.

(e) *Payments to the producer-settlement fund.* On or before the 12th day after the end of each delivery period, each handler shall pay to the market administrator, for payment to producers through the producer-settlement fund, the amount by which the net pool obligation of such handler, including the payments required to be made pursuant to § 944.6, is greater than the sum re-

quired to be paid producers by such handler pursuant to (a) (1), (2), (3), and (4) of this section.

(f) *Payments out of producer-settlement fund.* (1) On or before the 15th day after the end of each delivery period, the market administrator shall pay to each handler for payment to producers the amount by which the sum reported to be paid producers by such handler pursuant to (a) (1), (2), (3), and (4) of this section is greater than the net pool obligation of such handler, including the payments required to be made pursuant to § 944.6.

(2) If the balance in the producer-settlement fund is insufficient to make all payments pursuant to this paragraph, the market administrator shall reduce uniformly such payments and shall complete such payments as soon as the necessary funds are available. No handler who, on the 15th day after the end of each delivery period, has not received the balance of such reduced payment from the market administrator, shall be deemed to be in violation of (a) of this section if he reduces his payments to producers by not more than the amount of the reduction in payment from the producer-settlement fund.

(g) *Adjustment of errors in payments.* Whenever verification by the market administrator of reports or payments of any handler discloses errors in payments to the producer-settlement fund made pursuant to (e) of this section, the market administrator shall promptly bill such handler for any unpaid amount and such handler shall, within 5 days of such billing, make payment to the market administrator of the amount so billed. Whenever verification discloses that payment is due from the market administrator to any handler pursuant to (f) of this section, the market administrator shall, within 5 days, make such payment to such handler. Whenever verification by the market administrator of the payment by a handler to any producer discloses payment to such producer of an amount which is less than is required by this section, the handler shall make up such payment to the producer not later than the time of making payment to producers next following such disclosure.

(h) *Determination of base.* (1) For each delivery period the base of each producer shall be a quantity of milk calculated in the following manner: (i) Multiply the applicable figure, computed pursuant to (2) of this paragraph, by the number of days on which milk was received from such producer during such delivery period.

(2) Effective January 1, 1940, and each subsequent year thereafter, the daily base of each producer for the ensuing year shall be determined by the market administrator from reports filed by handlers pursuant to § 944.5 in the following manner:

(i) Determine for each producer that month during the preceding calendar year when his daily average deliveries of milk were the lowest. Determine the 3 months of the preceding calendar year

when the daily average deliveries of milk of all producers were the lowest;

(ii) Determine for each producer his total deliveries of milk during each of the 4 months of the previous calendar year described in subdivision (i) of this subparagraph and add together the resulting amounts;

(iii) Divide the sum obtained for each producer in subdivision (ii) of this subparagraph by the number of days of such 4 calendar months.

(iv) Add together in one sum all the daily average amounts, computed in accordance with subdivision (iii) of this subparagraph;

(v) Determine the daily average utilization of Class I milk and Class II milk during the month of the preceding year when such utilization was greatest and add to such daily average an amount not to exceed 10 percent thereof;

(vi) Divide the amount determined pursuant to subdivision (v) of this subparagraph by the sum determined pursuant to subdivision (iv) of this subparagraph; and

(vii) Multiply the daily average amount for each producer determined in subdivision (iii) of this subparagraph by the percentage figure computed pursuant to subdivision (vi) of this subparagraph. This result shall be known as the producer's allotted daily base.

(3) The following rules shall be observed by the market administrator with respect to the administration of the base plan:

(i) Bases allotted to producers pursuant to subparagraph (2) of this paragraph shall not be transferable: *Provided*, That bases allotted under a tenant and landlord relationship shall be combined and may be divided only if such relationship is terminated: *And provided further*, That any member of the producer's family may be named as the person to whom such base is to be allotted, but in no case shall a base be allotted to more than one member of such producer's family on the same farm;

(ii) As soon as bases are allotted to producers pursuant to subparagraph (2) of this paragraph, the market administrator shall notify each handler of the bases of producers from whom such handler received milk;

(iii) Any producer who ceases to market milk to a handler for a period of more than 45 consecutive days shall forfeit his base;

(iv) In the event a producer delivers an average quantity of milk less than 85 percent of his allotted daily base for each of 3 consecutive calendar months, such producer shall be reallocated a base equal to his daily average deliveries of milk of his own production for the 3 consecutive months involved;

(v) A producer, whether landlord or tenant of a farm, may retain his base when moving his entire herd of cows from one farm to another: *Provided*, That at the beginning of a tenant and landlord relationship the allotted base of such tenant and landlord shall be a combined base;

(vi) A landlord who rents on shares shall be entitled to the entire base to the exclusion of the tenant if the landlord owns the entire herd. Likewise, the tenant who rents on shares shall be entitled to the entire base to the exclusion of the landlord if the tenant owns the entire herd. If the cattle are jointly owned by tenant and landlord, the base shall be divided between the joint owners according to the ownership of the cattle, if and when such joint owners terminate the tenant and landlord relationship;

(vii) The base of any producer shall be automatically canceled at the beginning of any delivery period during which such producer reports milk not produced by him as being milk of his own production for the purpose of maintaining or increasing his allotted base. Such producer shall be reallocated a base computed in the manner provided in subdivision (ix) of this subparagraph;

(viii) If a producer, who has notified the market administrator within 5 days prior to his participation, enters into a program of disease eradication supervised by either county, State or Federal authorities, the market administrator, in making his determination of that month of the preceding year when such producer's daily average deliveries were lowest pursuant to subdivision (i) of subparagraph (2) of this paragraph, shall disregard any month in which such disease eradication program was being performed;

(ix) With respect to a producer who has not previously marketed milk to a handler, or who resumes delivery after not having marketed milk to a handler for a period of more than 45 consecutive days, a base shall be allotted in the following manner: for each delivery period from the date upon which such producer first markets milk to a handler until the conclusion of 2 full calendar months, the market administrator shall multiply such producer's daily average deliveries of milk by the percentage that base deliveries were to total deliveries of milk to the market during the delivery period by all base holding producers on the market during that delivery period. After the conclusion of 2 full calendar months, the market administrator shall determine a base for such producer by multiplying such producer's daily average deliveries during those 2 calendar months by the percentage that base deliveries were to total deliveries of milk to the market by all base holding producers on the market during such months.

(x) In the case of a producer who distributes the milk he produces and who disposes of all or a part of his delivery routes to a handler, the market administrator shall determine a figure representing the average daily Class I milk and Class II milk produced and disposed of during the previous 3 months on the delivery routes of such producer which such producer and such handler jointly report as involved in the transaction, subject to verification by the market ad-

ministrator. Any base so determined shall be effective from its determination until the end of the then current calendar year and thereafter shall be superseded by a figure determined pursuant to subparagraph (2) of this paragraph.

12. Add as § 944.12 the following:

§ 944.12 *Agents.* The War Food Administrator may, by designation in writing, name any officer or employee of the United States to act as his agent or representative in connection with any of the provisions hereof.

13. Add as § 944.4 (g) the following:

(g) Whenever the War Food Administrator finds and announces that the Class I prices computed for any delivery period pursuant to (a) and (b) of this section are such prices as are not in accord with the public interest, the Class I prices for such delivery period shall be the same as the Class I prices for the previous delivery period.

Copies of this notice of hearing, of the tentatively approved marketing agreement, as amended, and order, as amended, now in effect, may be procured from the Hearing Clerk, Office of the Solicitor, United States Department of Agriculture, in Room 1331 South

Building, Washington, D. C., or may be there inspected.

Dated: October 27, 1943.

Assistant to the  
War Food Administrator.
